POWERS MUST YIELD IF THERE BE PEACE

Russians Declare They Will Not Accept Japan's Terms.

JAPANESE ARE STANDING PAT

It is Hope Against Hope for Peace. No Answer Received from Czar to President Roosevelt's Proposition. Protocols Not Yet Ready.

Portsmouth, N. H., August 23.—Another glimmer of hope. The meeting of the peace plenipotentiaries which was to have been held this afternoon has been postponed until tomorrow morning at 9:15. The official reason assigned for this change of program was that the secretaries had not yet completed the work of drafting the protocols for submission for the signatures of the plenipotentiaries. This is true, but there is a more potent reason M. Witte has not yet received the final word from St. Petersburg. It was expected this morning. It did not come, and therefore with M. Witte's authorization, Mr. Placon, who was hard at work upon the Russian protocol, went to Mr. Sato, the Japanese secretary, and suggested the postponement. Baron Komura approved, and the announcement was issued.

As the situation now stands, M. Witte could not, if he would cede or compromise on article 5 (Sakhalin) or article 9 (indemnity). The instructions given him by the emperor before he left St. Petersburg precluded the possibility of either, and it was stated that up to the present hour every message he has received, indirectly or directly from his emperor, shows no sign of any change of mind. And from the private advices the advisers whom the emperor is consulting seem practically unanimous in support of the view that further concessions are inconsistent with Russia's "dignity and honor;" and that unless Japan is prepared to yield something substantial not upon articles 10 or 11, but upon articles 5 and 9, it is better to continue the war.

Although it seems to be hoping against hope, there is still a possibility that the emperor will take President Roosevelt's advice and take the only step which the president thinks can save the conference from shipwreck. The president's suggestion is not general and vague, but quite concrete. If it is finally rejected, it is said, not to involve a specific answer but M. Witte is anxious that the emperor shall have full time to deliberate and the aJpanese have no desire to force the issue. They will welcome a few days' delay if the delay keeps the door of peace open. There is a strong intimation that the Japanese are prepared to make a proposition when the conference reassembles, but there is nothing to indicate that they are prepared to recede on either articles 5 or 9. Articles 10 and 11 they might forego, but that would hardly bring peace nearer. Five and nine remain now as at the beginning, the seemingly insurmountable obstacles to peace. Article 10 of Japan's demands provides that the Russion warships interned in neutral ports shall be turned over to Japan. Article 11 calls for the limitation of Russia's naval power in the Far East.

Secret Conference at Navy Yard.

At 1 o'clock today a personal representative of President Roosevelt was closeted with M. Witte and Baron DeRosen in the naval general stores at the navy yard. The appointment for the conference was made through Secretary Pierce last night. It is not yet yet known who the representatives of the president is.

This sensation is yet unknown at the Wentworth. Since 12:30 the correspondents have been waiting on the veranda of M. Witte's apartments where he had an appointment to meet them at that hour to be photographed with them. They awaited his coming for half an hour and then dispersed and everyone is wondering where M. Witte is and whether he forgot his engagement.

been begun about 12:30. M. Witte and Baron DeRosen left the hotel this morning in an automobile supposedly for a ride. Mr. Pierce has not been at the hotel since this morning, and it is supposed he is also at the navy yard, where he may have received the president's representative and presented him to the plenipotentiaries.

The great care had been taken to prevent the fact of the secret meeting from being made public. It had been intimated that Mr. Witte and Baron DeRosen had gone to York harbor for a ride.

The true reason for the postponement of today's session of the conference is now apparent.

The President Hard at Work.

Oyster Bay, August 23.—While President Roosevent has not relaxed in the least his efforts to bring the Russian and Japanese envoys into an agreement, a distinct lull in the negotiations was noticeable here today. No visitors on business connected with the peace proceedings were expected.

Assistant secretary of state, Mr. Pierce, at Portsmouth, is keeping the president advised of the developments in the situation there, but the precise nature of the information he transmits is not disclosed. So long as the conference remains in session the president will hold himself in readiness to assist the envoys in any proper way to reach a successful conclusion of their mission. He is very much in earnest in the efforts he is making now to clear the way to an agreement, and it is believed his strong feeling in the matter has impressed itself upon the minds of the conferees.

That the president's earnestness took a practical turn in his conference with Ambassador DeRosen and Baron Kaneko, is beyond question, but there are reasons for the belief that the full purport of his proposals has not yet appeared. It is felt here that as an immediate break in the conference seems to have been averted there is yet hope of a successful issue to the conference.

News From French Capital.

Paris, August 23.—The St. Petersburg correspondent of the Temps contradicts the report of the London Times and Berlin Lokal Anzeiger to to the effect that a council held at Peterhoff it was decided not to make further peace concessions. He said that the council, on the contrary, pronounced by a small majority for the conclusion of the peace and that the emperor has ordered the Russian delegates to make a new proposition relative to indemnity.

The correspondent adds that the Russian delegates have received the telegrams from the general's in the field urging against the conclusion of an unfavorable peace, as the army feels sure of victory.

POLICE ARREST PROFESSOR.

Had Been Banished from Empire But Returned Without Permission.

Chicago, August 22.—The Record-Herald today says that Professor Paul Milyoukov, who was arrested at his old home near St. Petersburg yesterday in a raid by the czar's police, was connected with the University of Chicago until last March, when he returned to his native land to aid the propaganda of Russian liberty.

Professor Milyoukov aroused the wrath of the Russian emperor when he returned to St. Petersburg, for 12 years ago he was dismissed from a professorship in the University of Moscow, where he had received his degree of A. M., and at the same time he was banished from the Czar's domains. His expulsion followed active work toward reform.

At the University of Chicago Professor Milyoukov was looked upon as one of the most brilliant members of the faculty. He is an eminent scholar in several lines though he confined himself here most particularly to lecturing on Russian social conditions.

Boycott Will Soon End

Shanghai, August 23.—It is understood that the viceroy and governor of this province have agreed to suppress the boycott against American goods, which probably will be ended before American Minister Conger arrives in

FEVER SITUATION GREATLY IMPROVED

Perfect Harmony Between Federal and Local Officials.

TOTAL CASES, 1,457; DEATHS, 211

While the Fight Against the Plague Is Not Yet Won, the Authorities Feel Certain They Have the Fever Well in Check.

New Orleans, August 23.—Showers today promised some amelioration of the high temperatures which have been prevailing, but otherwise there was little change in the yellow fever situation.

Six deaths during the night promised that today's total would run about equal with that of the preceding 24 hours. There was little variation in the number of new cases in the early morning report. The medical authorities said today that evidence of the fact that the situation is constantly improving, insofar as the system of controlling it is concerned, was to be found in the fact that cases are now being reported six and eight hours after they are taken down. It is an indication of the efficiency with which the local physicians are co-operating with the federal authorities Report of cases promptly on their occurrence permits immediate screening and thus lessens the changes for infection of persons who have not been attacked.

One of the cases reported today in the city was of Salvador Lucca, a sailor on the schooner at Spanish Fort. He had been ill for several days. There is a possibility therefore that others on the same schooner will be affected as well as members of other crews.

Fight Not Won Yet.

While the leaders in the fight against yellow fever feel that the great struggle is succeeding beyond their expectations, there is no disposition to lull the public into a false sense of security lest there shall be a relaxation of the efforts which it is essential that every householder shall make if the present control of the disease is to be maintained. The fight has not yet been won, said Professor Metz, of Tulane university, today in urging every citizen to keep up his enthusiasm. We are only on the foothills; the mountains are yet to be scaled; the fortifications are yet to be taken. In the next two or three weeks it will be known whether the disease can be stamped out or checked. If it can be stamped out, it will be a miracle. That it can be held in check is believed, but the people of New Orleans must exert themselves to the utmost.

With the deaths, however, running into the fifties and rapidly approaching the eighties at this time in 1878, and the new cases of genuine yellow fever approximating 200 against less than a dozen deaths daily now, there is considered to be every justification for the encouragemen twhich Dr. White announces he feels over the situation.

Especially encouraging is the situation above Canal street. The disease has struggled desperately to gain a foothold in that section, but has failed. There have been a considerable number of cases but they are widely scattered, and there is not a nest of them to be found anywhere from Canal to the upper limits of the parish.

Some days ago President Souchon wrote to the railroads asking them to put on small trains to come of the towns which are in sore distress because communication is cut off. General Superintendent Cushing, of the Southern Pacific has written a reply that the road is now running trains at a heavy loss to afford service for non-infected localities. Travel, however, is so light that these trains are earning less than one-fourth of what it costs to run them, and additional facilities cannot be furnished.

Italian Concealed Case.

The cases reported from St. Bernard parish, adjoining New Orleans, show how difficult it is to keep track of sickness in the country. One of the cases was that of an Italian woman. She had been sick for a week but her husband concealed the fact and treated her himself. Yesterday he found her dying and summoned a physician. When the physician arrived she was dead of yellow fever, leaving seven children, the oldest 10 years old and the youngest 5 months. The oldest child was also found to be infected.

The announcement of the surgeon general, Mr. Wyman, in a telegram to President Souchon that it is impossible to take adequate precautions at Colon to disinfect vessels and that every vessel from there to southern ports must be detained at port of arrival five days, is expected temporarily to transfer all cotton trade heretofore passing through southern gateways to New York. Already fruit carrying vessels which touch at the Panama port have been barred.

RUSSIAN MEETING IN GOTHAM.

Revolutionary League Denonuces Czar Nicholas and His Methods.

New York, August 23.—A meeting of the Russian revolutionary league was held last night on the East Side to discuss the ukase issued Saturday by Emperor Nicholas. About 300 Russians were present. All the speakers strongly condemned the new Russian plan and characterized it as a ruse to gain sympathy of other constitutional governments. Dr. S. C. Hitlovsky, one of the principal speakers said

"This so-called plan to give the people a voice in the government, has three drawbacks:

"First, those who are called to serve in the zemstvo are required to swear allegiance to the autocracy;

"Second, all those who wish to vote are required to hold a certain amount of this world's goods.

"The amount sounds small to Americans, but in Russia it is a large amount and will shut out many thousands from voting. Third, a majority of two-thirds is necessary to pass any measure. In Russia there is an old law which gives the autocracy the right to overrule a two-thirds majority; so where does the power of the people lie?"

A meeting of avowed anarchists was held last night in another hall to discuss the ukase. Police were scattered through the crowd and guarded the doors to prevent persons from entering after the seats had all been occupied.

Speeches of the most incendiary type were delivered from the beginning of the meeting. Emperor Nicholas was subjected to torrents of abusive language, and threats also were made that the United States will soon undergo anarchist revolution. A police sergeant commanding the detail in the hall quickly stopped the tirade by sending word to the managers of the furious riot talk that it must be stopped.

Killed Wife; Then Suicides.

Bricton, Mass., August 23.—Letters received from James W. Crawford, a shoemaker, saying that he intended to murder his wife and then kill himself, brought a physician and a nephew of Crawford to the man's house here and revealed the fact that the the threat had been fulfilled. With a razor and a butcher knife he had almost cut off his wife's head, and then had committed suicide by cutting his own throat with the razor. A note was found written by Crawford saying that it was a case of murder and suicide, because he was jealous. Crawford was 53 years old. His wife was of the same age.

Coal Laden Schooner Wrecked.

Chatham, Mass., August 23.—The coal laden schooner McHaskell, bound from New York to Rockland, Me., ran on Handkerchief shoal during the thick weather last night. Captain Nelson of Taunton was drowned. Three members of the crew reached shore in their own boats today. The vessel struck the shoal at low tide, and when the tide turned she rolled over and sank.

Noted English Architect Dead.

London, August 23.—Alfred Waterhouse, well known architect and prominent member of the Royal Academy, died here today. He was born at Liverpool in 1830. Mr. Waterhouse designed many of the best known buildings in various parts of England.

TERRIBLE TORNADO SWEEPS MINNESOTA

Great Destruction Is Wrought By Terrific Storm.

MANY LIVES REPORTED LOST

Growing Crops Are Entirely Destroyed in Some Sections—Worst Storm in Years and Much Property Is Damaged—Many Roads Washed Out.

St. Paul, Minn., August 23.—A devastation, terrible and [illegible] was wrought on all sides of the Twin Cities, by the storm of Sunday night, according to reports just received here. Through all the region from Anoka to Fillmore counties reports tell of disaster and loss of life and property.

Members of families are missing, and it is believed they are buried under the debris which was left broadcast by the wind.

Many instances of maiming are reported, and the total loss of life will not be known for some days.

Crops, which had been cut and were ready for threshing, suffered in many places and standing corn was beaten by hail and wind. Hailstones [illegible] inches in circumference, were [illegible] oc with the crops in some sections. Large sections of railroad track were swept away south of here and the mail trains on certain portions of the Chicago, Milwaukee and St. Paul were run in on improvised tracks. Washouts were numerous both along the railroads and the highways, the rainfall being enormous.

In some of the farming districts the grain was stripped from the fields by the furious winds and many haystacks were completely demolished.

Huge trees, which have stood and withstood the storms of years, were uprooted and hurled before the wind, and barns and other outbuildings were completely destroyed. The damage done to buildings and crops in the southern counties will reach many thousands of dollars, but no accurate estimate can be formed until more reports are received.

All sections report that the storm was cyclonic in its nature, and in some points reports tell of a funnel shaped cloud that descended with the most intense fury, leaving destruction in its path.

Another Iroquois Theater Victim

Chicago, August 23.—Another name was added to the Iroquois theater death roll when news was received yesterday that Mrs. Henry M. Kidder of Evanston, had died suddenly at Carlsbad, Germany. Mrs. Kidder left Chicago three weeks ago on account of her health. She had been in poor health ever since the burning of the theater, in which she nearly lost her life. She was the wife of Henry M. Kidder, a member of the board of trade, and her daughter Miss Kathryn Kidder, the actress.

Plumbers to Meet in Birmingham.

Birmingham, Ala., August 23.—The twenty-second annual convention of the International Association of Master Painters and Decorators of the United States and Canada will be held in Birmingham instead of New Orleans, in February next. A telegram has been received from President Peters, of Richmond [illegible] uel Harris, of this city, who is Alabama member of the national executive board: "The convention will meet in your city. Make preparations."

Woodworkers' Strike Settled.

Chicago, August 23.—The strike of the wood workers was settled today and 2,300 men who have been affected by the strike will return to work in the 12 plants involved. The settlement is in the nature of a compromise.

Three More Bodies Recovered.

Norfolk, Va., August 23.—The bodies of three emore victims of the Merchants & Miners Coast Line's excursion wreck of last week have been found floating in the western branch of the Elizabeth river. They are all those of negro men, and [illegible] yet identified.

GEORGE COLLINS IS A BAD MAN

Got After Ed Williams With An Axe, With Painful Result.

COLLINS IS NOW IN JAIL

He Was Arrested for Assault With Intent to Murder, But Owing to Absence of Prosecuting Witness the Case Was Postponed.

George Collins seems to be in all sorts of trouble. Collins was arraigned before the mayor Wednesday morning upon a charge of fighting a colored woman, and was sentenced to pay a fine of $5 and cost or spend twenty days in jail, and before he got beyond sight of the municipal temple of justice, after paying his fine, he was nabbed by Deputy Sheriff J. H. Granger upon a more serious charge, that of assault with intent to murder.

If rumors are true, this fellow Collins had blood in his eye Monday. After the scrap with the woman he proceeded to the vicinity of the Seaboard Air Line depot, where he became engaged in a row with Edward Williams, another colored man, assaulting him with an axe, and inflicting two painful wounds, one in the side, another in the arm. Williams states that he was struck by Collins with the weapon several times, but managed to ward off the blows with the two exceptions noted.

Collins made his escape, and Williams was taken to a physician, where his wounds were dressed. The physician stated that the injuries were not necessarily serious, but very painful, and the victim would be considerably inconvenienced for several days.

Collins was arraigned in Justice Colman's court Tuesday morning, but owing to the absence of the prosecuting witness, who was unable to be present, the case was continued until Monday, and Collins was placed in prison in default of a $500 bond.

THE NEWS FROM ARCHER.

Many People Spending Vacations. Foundry in Operation.

Archer, Aug. 23.—Mrs. Dr. DePass and children and sisters, Suzanne and Nellie, have gone to Rock Bridge, Alum Spring, Va., to spend the balance of the summer.

Rev. Waddell preached for the good people in Jacksonville on last Sabbath.

The foundry and machine shop of H. Maddox at this place is in full operation and is doing considerable work.

C. O. Collins, a machinist employed, has rented the J. P. Fry house and moved in.

Mr. King, the night operator here, has moved into the Kate Rogers cottage, and L. DeYampert of Tioga is occupying the house made vacant by Mr. King.

H. Poleman has taken the contract of logging a mill near Lawtey, and has moved his cars and engine to that point.

Mr. and Mrs. C. D. Wood and children and Mrs. Gibson, and Mr. and Mrs. W. H. Powell and children, have gone to Daytona to spend a few weeks.

Mr. and Mrs. Milne of St. Petersburg were visiting friends here last week.

The article in Saturday's Sun is incorrect as to the shooting on Sunday, and the party reporting it must have lived in Dunnellon or away back. Alex Madison is the party that did the shooting. Whether accidental or otherwise, the gun went off in his house, hitting the fireman in the arm. The fireman got frightened and has not shown up yet. Geo. Long was fined for having weapons on him and using bad language.

John Chamblin has been on the sick list for a few weeks, but is slowly improving.

Miss Mary Bailey and Jimmie Campbell paid a short visit to Mrs. J. A. Trimble last week.

Mr. and Mrs. G. D. Fleming were hurriedly called to Tallahassee last week on account of the death of a relative.

Tornado Wrecks Arizona Town.

El Paso, Tex., August 23.—A tornado struck the town of Roosevelt, Ariz., Monday. Almost every house was overturned, but only one person was injured. The town is located in a gorge.

SCROFULA

FROM PARENT TO CHILD

The laws of heredity are invariable and the diseased blood of parents is handed down to children in the form of Scrofula. Being thus deeply rooted nothing can reach the disease but a constitutional remedy. The very foundation of the blood is diseased, and until it is purified and made strong, those who are born with a scrofulous tendency cannot have the blessing of robust health.

Cleveland, O., 122 Brownell St.

I inherited Scrofula from my ancestry, and this means, of course, weak, impure blood and a run-down, debilitated condition of the system. Treatment of physicians did not do me anything like the good S. S. S. did last winter when I took it. It promotes appetite and digestion, gives strength and energy, builds up the general health in every way, and in addition to being an excellent blood purifier it adds to its success as a remedy for Scrofula. It did more for me than anything I have used, and with pleasure I recommend it. S. S. S. completely cured me of this blighting disease.

MRS. LOUISE COHEN,

S. S. S., the king of blood purifiers, is the medicine that is required, because it changes the quality of the blood by cleansing it of all poisons and impurities, building it up and strengthening the entire system. When S. S. S. has restored the blood to a healthy condition and forced out the scrofulous deposits, there is a sure return to health. No remedy has ever been found to equal this great vegetable preparation for the cure of all diseases arising from a diseased or impure blood supply. If you have Scrofula or any tendency that way write us all about your case and we will send you a book describing the disease and give, without charge, any medical advice you may need.

TAX RATE MAY BE HIGHER.

Great Increase Made in Property Returns in Georgia.

Atlanta, August 23.—The governor and comptroller general will fix the state tax rate the latter part of this week.

Every possible effort will be made to keep it down as low as the tax rate of last year, which was $4.80 on $1,000 though from present indications that will be practically out of the question.

The tax levy this year will include for the first time the additional $200,000 given to public schools from direct taxation, this appropriation having been increased to $1,000,000 in the general appropriations bill of 1904, and made applicable for 1905.

The indications are, therefore, that the rate fixed this year will be nearly 5 mills or $5 on $1,000, though Governor Terrell and Comptroller General Wright will make every effort to keep it down to last year's figures. It is possible they may find some expedient by which this can be done.

The last tax digest, that of Glynn county, was received by Captain "Tip" Harrison, of the comptroller general's office Monday, and with Glynn's report the total net gains in the values of taxable property throughout the state, over the returns of last year, are found to be $37,894,084. Glynn showed a gain of $179,695.

Only three counties in the state showed a decrease, as follows: Echols, $951; Jasper, $657, and Taliaferro, $1,445. But these, as is apparent, do not materially affect the net increase. With the increase in the valuation of the state's taxable property over last year will be about $45,000,000.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, proprietor Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1. Sold by W. M. Johnson.

Girl's Cries Scared Negro.

Meridian, Miss., August 23.—A heavily armed posse is searching the woods near here for an unknown negro who attemtped a criminal assault upon Miss Maggie Rhodes, the 19-year-old daughter of J. A. Rhodes, a prominent citizen. The negro met her at a lonely spot on a highway near her home, just outside the city. Her screams brought her 17-year-old brother to her rescue. The negro cursed the boy, fired two shots at him and fled. A slight clew just secured may lead to an arrest

Well Guarded Girls.

In New Guinea parents send their daughters to bed in a little house at the top of a tree every night, and when the girls have gone up the ladder is removed, so that there is no coming down till the parents allow it. Elopements under these circumstances must be difficult, and parents no doubt sleep the sounder for knowing that their girls are unable to take their walks abroad until their elders see fit for them to do so.—London Lady.

The Mantle of Charity.

The lady was making some remarks about the kind of clothing some other ladies at church had on.

"The finest garment a woman can wear," said her husband, "is the mantle of charity."

"Yes," she snapped, "and it is about the only dress, judging by the fuss they make over the bills, that some husbands want their wives to wear."—New York Telegram.

COL. PHILLIPS TALKS ON THE STATE FAIR

Says it Will be the Finest the South Has Ever Seen.

PREMIUMS WILL BE LARGE

This Will Induce a Fine Display of County and Individual Exhibits, Which Means Success—Buildings Will be Completed in Ample Time.

Hon. H. S. Phillips, a prominent attorney of Tampa, is in the city on professional business, and while here is the guest of J. A. Phifer. Mr. Phillips states that the State Fair at Tampa, which will be held from November 15 to 30 of the present year, will be the most extensive undertaking of the kind ever attempted in the South, and indications are that Tampa will witness the largest crowds in its history, with the exception of the period when the soldiers were encamped there during the Spanish-American War.

Owing to the liberal appropriation made by the last session of the Legislature, the premiums for both county and individual exhibits will be the largest ever offered by any Southern fair, which fact is bound to attract the largest general display of products ever seen in the State. As an illustration of the liberality of the premiums, the following are for counties having the largest and best general display of products adapted to Florida, including agricultural products of all kinds, citrus fruits, vegetables, cereals, minerals, forestry, live stock, educational work, art work, etc.:

Six prizes—First prize, $2,000; second, $1,000; third, $500; fourth, $250; fifth, $150; sixth, $100.

"I understand that large premiums, ranging from $500 to $1,000, will be given to counties for separate products exhibited, and premiums to individual producers will be on the same liberal scale," said Mr. Phillips.

"The directors of the Fair Association are all men of push and energy, and are working in unity for the advancement of the whole State. The Association has made a big undertaking and I am sure the people are going to stick to them.

"This State Fair proposition is not a temporary carnival, but something which is here to stay. The grounds have been leased for five years, and buildings are being erected which are not mere shells, but something substantial. Work on the main building, which is to be 910 feet long by 95 feet wide, is progressing nicely, and no time will be lost on beginning the other buildings, including the big grand stand, bleachers, stables, poultry houses, and other minor buildings.

"The magnificent exposition building of the Tampa Bay Hotel, erected by the late H. B. Plant at a cost of several thousand dollars, will be moved into the fair grounds and used for a woman's department exclusively. Another important feature of the Fair will be the colored people's building, which will be devoted entirely to the exhibit of the productions of the colored people of Florida.

"I want to congratulate the people of Alachua county on their prompt and energetic action they have taken in the matter of representation at the Fair," concluded Mr. Phillips. "The people of Hillsborough county have always regarded the Alachua county people as friends, and have classed them among the most progressive in the state, as has been demonstrated on several occasions, the latest being in the fight for the University. They are a unit on all things good and for the advancement of their county, and I feel sure that at the State Fair they will be there with 'the goods.'"

Mr. Phillips has many friends in this section who are glad to greet him again.

Jottings From Jonesville.

Jonesville, Aug. 23.—Mrs. Pauline Stinchcomb is visiting Miss Melissa Pickett. She expects to make her departure for her home at Fort White Tuesday.

Quite a number of our young people attended church at Newberry Sunday.

Miss Annie Doke, who has been visiting friends and relatives here for the past week left for her home at Judson yesterday.

The protracted meeting at this place closed last Friday.

Miss Lizzie Kain has been very sick, but is improving now.

M. N. Sanches arrived home yesterday from his sister-in-law's, Mrs. J. R. Fowler of Lennon.

Mr. and Mrs. Jackson have been visiting the latter's parents, Mr. and Mrs. J. I. Griffin. They made their departure last Wednesday for Brooksville.

The ice cream supper given at the home of Mr. and Mrs. T. R. Pickett was quite a success. Those who were present were Misses Stella and Irene Miller, Clem and Melissa Pickett, Cena and Lizzie Hamilton, Lurilla Sheffield, Pauline Stinchcomb; Messrs. John Hamilton, John Miller, W. H. Pickett.

MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Cotton Crop Will Be Short.

Columbus, Ga., August 23.—"The crop in Georgia, Alabama and the Carolinas is from 30 to 35 per cent short." This is what L. F. Humber, a prominent Columbus warehouseman, wired to his friends in Memphis, Tenn., in the course of a telegram in which he advised them not to think of selling their cotton for less than 10 cents and to get on the bull side of the market and stay there.

Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Hate All Around.

The famous English Chief Justice Holt and his wife hated each other to the limit, and when she fell dangerously ill he was so delighted that he became disgracefully tipsy. But his wife was equal to the emergency and sent for the great Dr. Radcliffe, who hated Holt, and therefore out of spite when the case was presented to him came with great promptness and saved her life.—London Chronicle.

Horrible Example.

"Maw, what is a horrible example?" asked the youngest boy, looking up from his newspaper.

The eldest boy stopped his figuring long enough to say, "Wait till you get into algebra, and you'll find any amount of 'em."

The Royal Road to Learning.

Freddie—What's an honorary degree, dad? Johnson—That's a title a college confers on a man who would never be able to get it if he had to pass an examination.—Tom Watson's Magazine.

A Game of Chance.

May—You have never taken part in a game of chance, have you? Ethel—No, but I am going to be married next week.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

Overdue Ship Arrives.

New York, August 23.—The Donald Steamship company's steamer Athos which was disabled at sea, and was long overdue, arrived off Scotland lightship during the night in tow of a steamer from the West Indies. When off the lightship the tow line parted and it was impossible to successfully run another line in the darkness. The Athos was anchored, and a request was sent to the city for tugs to tow her up to her dock. The eight passengers from the Athos were brought to quarantine by the towing steamer Altai, of the Atlas line.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

Fiala Arrives at Hull.

Hull, England, August 23.—Anthony Fiala, of Brooklyn, N. Y., leader of the Zeigler polar expendition, the members of which were rescued by the relief ship Terra Nova under the command of William S. Champ, secretary of the late William Zeigler, arrived here today on his way to the United States. He came ahead of the Terra Nova which is expected tomorrow.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

Vessel is Detained at Quranatine.

Norfolk, Va., August 23.—The American steamer Lassell, from Port Eads for Norfolk, with a cargo of salt, is held at Quarantine off old Point. It is not believed there is any sickness aboard but as the vessel comes from the Port Eads at the mouth of the Mississippi river below New Orleans, it was deemed best to detain it for observation.

Peculiar Disappearance

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores. Only 25c.

Taft and Party at Cebu.

Cebu, P. I., August 23.—Secretary Taft and party arrived here at 9 o'clock this morning on the transport Logan. The Logan was met outside and escorted into the harbor by the scores of launches and boats. The entire city is decorated. The program of entertainment includes a parade, a race meeting and a visit to Magelan's monument. A banquet and ball will conclude a picturesque and interesting day. The Logan will sail for Tacloban at daybreak tomorrow. The Logan will take Secretary Taft's entire party and a company of marines to relieve the legation guard gaurd at Pekin to Hong Kong, proceeding from there to Tien Tsin with those of the party who will visit Pekin. General Corbin will accompany the party to Pekin to arrange the transfer of the legation guard and then the Logan will return to Manila.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

Pugilist Arrested for Theft.

New York, August 23.—A man giving the name of Yank Kenney, formerly well known pugilist, was arrested last night in Brooklyn, charged with stealing a purse containing $340. The man who lost his wallet identified one found on the prisoner but said he could not positively identify Kenney as the thief. The pugilist was locked up for the night.

I can give it unqualified recommendation." 25c., 50c, $1.00. Sold by W. M. Johnson.

Confederate Monment Unveiled.

Nashville, Tenn., August 23.—A monument in commemoration of the second Tennessee regiment, C. S. A., was unveiled on Shiloh battlefield today. The second was the late General W. B. ates' regiment. Miss Leonora Cheney, of Nashville, unveiled the monument.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

By the time the Georgia election rolls around the cap "H" and "S" boxes will be pretty well used up on Hoke Smith.

Mrs. Mary Dodge, the poetess and editor of St. Nicholas Magazine since its foundation in 1873, died at New York August 21st.

The explosion of the boiler of the Bernington was caused by carelessness, and only one of the parties at fault escaped with his life.

It might be well enough for President Roosevelt to line up a dozen or so of the naval fleet at Portsmouth and tell those chaps that something must be done.

Surgeons in Los Angeles, Cal., found a man with his heart on the right side, nearly six inches from the right place. No such people in Florida. Every man has his heart in the right place.

The Tampa Board of Trade is sending out a circular containing much interesting matter concerning that city, with a short advertisement for the fair. It is time something was done in that line.

A man convicted of murder at St. Louis, who is now supposed to be insane, was hanged a few days ago. Another argument in favor of coming to Florida—we show mercy to murderers.

The war in the Far East has not been of much benefit, at least the floating of the Russian warships that were sunk has only resulted in their being ...ed Japanese names, which are almost as bad as the Russians used.

It seems as though Russia is satisfied she has lost, but hates to give up the money. Why not divide it and let Japan have 75 per cent, and when Russia whips some smaller power and gets a record, she can have another go with Japan.

The Jacksonville, carpenters have very wisely concluded to continue the strike. Perhaps if they can subsist until the weather gets cooler and the building season is over, they will feel like getting down to work. This hot weather is very demoralizing anyway.

The roads in Hillsborough county are said to be in horrible condition. There are other county roads in the same bad condition. It is quite evident that the reports made through the columns of the state papers on the county roads have not helped them much. It needs rock, clay and crushed stone and not so much "hot air" to make good roads.

SOUTHERN ADVANCEMENT.

The increase of wealth in stock raising, agricultural production and manufacturing activity in the Southern States is recounted with reasonable pride by The Manufacturers' Record of Baltimore.

In commenting on this subject The New York Sun says that between 1900 and 1904 the assessed values of property in fourteen of these States increased at the rate of nearly $250,000,000 a year, and this average is likely to be much greater in 1905. Of the total value of our exports in the last fiscal year more than 30 per cent represented cotton and its products, and cotton manufactures rank fourth in actual value in the exports of manufactured goods. The South's share in all the exports exceeded $600,000,000, and was 41 per cent.

Next to New York came the port of New Orleans in the value of its exports, then Galveston and Baltimore fourth.

Between March, 1900, and July of this year 942 national banks, with an aggregate capital of nearly $50,000,000 were organized in the Southern States. The market value of the Southern railroads, estimated June 30, 1904, by the census bureau at $2,007,528,000, represented nearly a fifth of the total in the United States. The last number of The Manufacturers' Record gives a list of six new railroads in the South incorporated and of various railroad extensions. The French Transatlantic Steamship Company is planning to begin regular sailings out of New Orleans in October.

The prosperity and extension of Southern cotton mills are described in detail. The lumber industry of Virginia and the Carolinas is now in the greatest period of activity in its history. The building activity throughout the Southern States is great, and also the development of every kind of business enterprise.

The South is rich and it is steadily growing richer. The prospect ahead is so brilliantly inviting that its contemplation ought to leave no time for unavailing regrets for an imaginary time when the South was doing better. This is its golden age, not the days of slavery, of ruinous interest rates and of capital absorbed in slave property.

ECLIPSE OF THE SUN.

We are to be treated to another solar spectacle on Wednesday, August 30th, when early on that morning Old Sol will be put in the shade by Fair Luna, but as it will be only partial in this section there will be less interest taken in the event by the young people who are given to the study of such phenomena.

The eclipse will be total only in a path 167 miles wide, beginning at a point near Winnipeg, Manitoba, at sunrise on the 30th. The shadow will then rush eastward across Manitoba, Hudson Bay and Labrador, and in little less than an hour will have crossed the Atlantic Ocean, the first contact with the Old World being on the west coast of Spain. In twenty minutes it will have reached the Mediterranean Sea. The local time there will be approximately 12:45 p. m. The shadow then enters Algiers near Tunis, traveling in a southeasterly direction across Egypt and the Red Sea. The last stage of the journey is through the desert of Arabia, and it will disappear at sunset in the Indian Ocean. The whole time consumed in this journey will be not quite three hours. The United States Government is sending expeditions to Labrador, where observation stations have been established in the path of totality.

The St. Augustine Record, which has been posted on the demonstration by the Weather Bureau at Jacksonville, says the sun will rise in all portions of Florida partially eclipsed and that the eclipse will first be seen about 300 miles off the Florida coast, and at 5 o'clock when the sun rises there, about two-fifths of the sun's surface will be in shadow. The obscuration of the sun's diameter will vary for different sections; for instance, along the East Coast it will be less than .20 in the extreme south portion, varying thence northward to .28 in the vicinity of Jacksonville and St. Augustine. The maximum obscuration will be reached after sunrise; at Jacksonville it will be .48, decreasing down the coast to .22. The sun will rise along the whole East Coast of Florida at practically 5 o'clock, local time.

The people of Poland have engaged in a general strike, which does not look so cheerful for the Czar. The attempt to float a loan in Russia of a hundred million fell short ninety-nine million. Several men in Moscow that were trying to organize for the welfare of Russia have been started for Siberia, and the peace envoys have been notified that if they offer any money to the Japs that they might just as well bring their heads home with them in a basket. Oh yes, things look brighter in Russia.

A Mrs. Kingsbury dined at the Waldorf Astoria hotel in New York a few days ago with a young dude, filled up on champagne, and while she was sleeping off her jag her escort released her of $5,000 worth of jewels and skipped. He deserves a pension.

Pain in the Head

Is a danger signal, warning you that the brain nerves are exhausted—irritated, and are undergoing an unnatural strain.

Frequent and prolonged attacks of pain weaken the generative power of the nerve cells of the brain, and lead to loss of memory, melancholy, spasms, epilepsy, and frequently insanity.

When the brain nerves are weakened they are unable to supply sufficient nerve force to the nerves that control the lungs, heart, stomach and other organs, and these organs are thus robbed of energy, and unable to meet the demands upon them, and they get sick.

Stop the head pains with Dr. Miles' Anti-Pain Pills, and the influence upon your general health will be greater than you can realize.

"I want to tell you how thankful I am for Dr. Miles' Anti-Pain Pills. From a child I have been subject to sick headache, and never found any lasting relief until I received a sample of Dr. Miles' Anti-Pain Pills while in Geneva six years ago. By taking one it usually throws off my pain, so I can go about my home duties."

KEEN SENSE OF SMELL.

Chamois Can Wind a Hunter Over Half a Mile Distant.

Judging from his failure to distinguish objects, such as a man's head or hand, as long as they are motionless, I should say that the organs of vision of chamois are scarcely more acute than those of human beings. On the other hand, their sense of smell is quite extraordinary; hence the wind is by far the worst enemy of the hunter. The shifting eddies and currents blowing now this way, now that, now up hill, now down, multiply tenfold the chances in favor of the game.

I have often asked friends of mine who have hunted in various countries as to the distance at which deer and other wild animals can scent a human being, and most of them seem to be agreed that they will wind you more than a mile off. I have certainly seen chamois over half a mile distant make off in alarm when they could not possibly have seen anything to disturb them. It is curious, too, how much more the hunter's odor seems to terrify them than the mere sight of him. In the latter case unless you are quite close they whistle and move off quietly, turning round every few hundred yards to look, while if they get your scent they will throw up their heads with an expression of utter disgust that is highly diverting and without hesitating a moment gallop away at top speed.—Longman's Magazine.

THE SPONGE FISHERS.

Process by Which Their Crop Is Prepared For Market.

As soon as the sponges are brought aboard they are thrown in heaps on deck near the scuppers, where the barefooted sailors tramp and work out the ooze; then, strung on lines, they are soused over the side and trail overboard some ten hours during the night. To break and separate from them shellfish and other parasites they are beaten with heavy sticks on deck or on the reef rocks off Tripoli, and after being well soaked in the sea again many are bleached by being immersed in a tub of water containing a certain solution of oxalic acid, from which they emerge a yellowish color, care having been taken to avoid burning them.

Often great strings of sponges bleaching and drying in the sun cover large portions of the standing rigging of deposit boats when in port. When dry they are worked up in sand, then packed in boxes ready for shipment. A quarter to a third of the crop is sold direct from Tripoli, mainly to England and to France and Italy. The bulk of the crop, unbleached and unprepared, is taken at the close of the season to the islands from which the boats came, where long experience, manipulation and cheap labor prepare them for the European market.—Charles Wellington Furlong in Harper's Magazine.

The Flag of England.

"I am amazed," writes an American visitor, "at what seems to be a custom in England of blowing loud trombone blasts on the human nose. In first class railway carriages, restaurants, churches, in the street, one is startled by these sounds, generally explosive, sometimes sustained. Old men, children and delicate ladies seem to be adepts at it. Is it a mark or a sound of delicate breeding?" It is merely an instance of the national manners that differ in spite of good communications.

An American is startled at the trombone of the English nose. But the Englishman always has a cold, and that fact sets the note of the national manners. And as we travel we find many startling things. We note that the German makes strange uses of his knife at table. Reaching the summer resorts of the Black sea we find the neighboring lady bathing without a bathing dress. It is merely a matter of latitude. The flag of England is the handkerchief, and the morning bugle is the nose.—London Chronicle.

Bridegrooms Ignored.

Bridegrooms are usually considered necessary to the wedding festivities the world over, about the only land where they are regarded as unnecessary being Polynesia. There the young man who would a-wooing go turns the matter over to his parents and friends and takes to the woods—no difficult matter in that part of the country. The family proceed to traffic with the parents of the bride elect, and after a more or less extended palaver the arrangements are brought to a satisfactory conclusion. Then ensues a festal time, with feasting, speechmaking and other forms of celebration until at last the nuptials are announced and the groom makes his appearance among his friends, in theory at least, sufficiently hungry for human companionship to regard his bride with more than usual complacency.

Woolgathering.

"When a person's 'woolgathering' what means he's lazy, doesn't it, pa?"

"Not necessarily, my son. He may be gathering the wool off the lambs on the Stock Exchange."

SEVERE EARTHQUAKE SHOCKS.

Towns in Many States Feel the Vibration of Earth.

Chicago, August 23.—Illinois was shaken by an earthquake shortly after 11 o'clock last night, the most severe in recent years. The shock in the southern part of the state and especially in the region surrounding East St. Louis was severe enough to rattle dishes and furniture, cause the dogs to bark as in alarm and children to awaken and cry. Houses creaked and in many instances their occupants rushed out in terror, fearing that the straining beams and joists would give way.

As far north as Springfield the shock was distinctly felt. Farther to the north it grew less perceptible, until in the region of Chicago, it was noticed, although it is expected that the delicate instruments placed in the office of the weather bureau will, when examined, show a siesmic disturbance was recorded. The office was closed last night before the shock came, and the instruments could not be consulted.

Not only Illinois, but western Kentucky and parts of Tennessee and Indiana were shaken. Messages from the different towns in those states say that three distinct shocks in quick succession were felt. The waves of the earth's motion seemed to be from east to west.

Shock Felt at St. Louis.

St. Louis, August 23.—St. Louis and vicinity was visited last night by an earthquake shortly after 11 o'clock. Three distinct shocks were felt by thousands of persons in St. Louis and St. Louis county as far east as Belleville, Ill., as far south as Paducah, Ky., and as far north as Springfield, Ill. While the tremors lasted scarcely a minute, they were distince enough to awaken sleeping residents and to cause dogs to bark in alarm. The shocks seemed to travel from east to west. There was but an infinitesmal period between them, only a second intervening between the first and second spasms, and about three seconds between the second and third, or final shock.

The trembling of the earth was accompanied by a dull rumbling noise, resembling the passing of a distant freight train.

Shocks Felt in Tennessee.

Nashville, August 23.—A Clarksville, Tenn., dispatch to The Banner says a severe earthquake shock was felt there at 11.10 o'clock last night shaking down a chimney on a residence and causing much excitement. Siesmic disturbances were also noted at the town of Union City and other sections of this state. A vigorous shock was felt in Nashville.

Given Up to Die.

B. Spiegel, 1204 N. Virginia Sts., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Negro Killed at Camp Meeting.

Atlanta, Ga., August 23.—As a result of a fight at a negro camp meeting near Mcdonough, 6 miles south of here, one negro is dead, another and three others are in jail. Over 100 shots were fired between white marshals and negro blockaders and liquor venders. One of those in jail, Jim Williams, is from Atlanta, charged with selling liquor.

Quarantine is Very Rigid.

Chattanooga, Tenn., August 23.—The county boards of health at a meeting this morning adopted very stringent regulations. In addition trains entering the city from all persons desiring to enter Chattanooga, health certificates from the proper and recognized au-

Hay Fever and Summer Cold.

Mr. Rushbaum, Batesville, Indiana writes: "Last year I suffered for three months with a summer cold so severe that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

How Is Baby Today?

Better, thank you. In fact, quite well. Fat, round and full of life and mischief. Pink and white flesh, dotted with dimples. No cough, no indigestion.

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

A Worm Killer.

J. A. J. Montgomery, Poxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches, the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Elaborate Play Produced.

San Francisco, August 23.—"The Great Interrogation" was given an elaborate reproduction by Frederick Belasco at the Alcazar theater last night, with White Whittlesey and Juliet Crosby in the cast. This play serves to introduce Jack London, the novelist, as a playwright. It is written in collaboration with Lee Bascom (Mrs. G. H. Marsden), a dramatist. The story tells of one David Payne, who renounces the higher civilization for the simple and primitive life. The scene is laid in Alaska.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Fred L. Jacobs, the clever representative of Frederick Stearns & Co., manufacturing pharmacists, Detroit, Mich., is in the city in the interest of his firm. Mr Jacobs has been a regular visitor to Gainesville for the past twelve years, and has many friends outside of business circles here who are always glad to see him.

Information has been received that Major W. R. Thomas and family have arrived safely at Waynesville, N. C., where they will recuperate for a few weeks. Major Thomas directs that The Sun be sent to his address, as he wants to keep posted on the happenings in this vicinity. Friends wish the family a pleasant and beneficial sojourn.

READ THIS.

Dothan, Ala., July 18, 1899.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with kidney trouble as being the best remedy we ever sold. Yours truly, J. H. Yerso.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Mr. and Mrs. Avant have arrived in in the city from Manning, S. C., and will make this their future home, the former having accepted a position as train dispatcher with the Atlantic Coast Line. They will be gladly welcomed and it is hoped they will be pleased.

The Union Central Life Insurance Company of Cincinnati, of which W. B. Higdon is general agent, has a change of advertisement in this issue to which the attention of our readers is invited. Mr. Higdon's company offers many advantages not offered by other companies, and his plan of insurance is worthy of investigation.

Engineer Robert L. Griffin of the Atlantic Coast Line, with headquarters in High Springs, was in the city for a few hours yesterday. He was en route from his old home, Micanopy, where he has been visiting friends and relatives. "Bob," as he is familiarly known among his friends, is one of the most efficient engineers in the employ of the company and holds a lucrative run.

Phifer Bros., New York Racket, have a short but cleverly worded advertisement in this issue which has a tendency to "strike the spot," and if anybody needs rice they will surely be sufficiently interested to investigate. Phifer Bros. are good advertisers, and the fact that they have patronized the columns of The Sun regularly ever since they have been in business is demonstrative of two facts—it pays to advertise, and it pays to use the columns of The Sun.

A New Restaurant.

The El Dorado Cafe is the style of a quick lunch establishment which has been opened at 106 West Main street S., with Theodore Hudgins as manager. The place is neat and up-to-date in every way and will no doubt prove a paying enterprise. It is the purpose of the management to make a specialty of lunches of all kinds and oysters and game will be kept and temptingly served in season.

Such a resort as the El Dorado has been in demand in Gainesville for several years. The rapid increase and improvement of the city demand it, and merchants and others may now have the privilege of appeasing their hunger after working hours, when they are tired and need a stimulating lunch.

AT SEAGIRT.

Florida Rifle Team Make Good Records—Sergeant Morris Better.

Seagirt, N. J., Aug. 23.—The Florida rifle team continued to make good scores today, notwithstanding the heavy wind blowing. Major Dapray, Florida's military instructor, arrived in camp and is taking great interest in the team's work. Hon. West Bryant of Polk county, with his charming daughter, Miss Georgia, paid the rifle team a pleasant visit today, accompanied by Mrs. Olive Poole of Jacksonville. Sergeant Morris has recovered and will be on the firing line tomorrow. Today's high scores follow: Kitchen, 47; Harding, 47; Edmunds, 44; Rich, 44; Jackson, 44; Yerkes, 44; Slater, 44; Lynn, 44, out of a possible 50. The big alligator died today. The Jersey boys sent the carcass to Princeton to be dissected and stuffed.

THE YELLOW FEVER

New Orleans is Gaining on the Disease. Spreading in the Country.

New Orleans, August 23.—The efforts of the hospital people seem to be giving evidence of success, but there can be no relaxation from the persistent efforts of those who have the work before them. The disease will be stamped out above Canal street. The local and federal authorities are working in harmony.

There were 23 new cases up to noon today and only four deaths. Six outlying towns report 11 new cases and one death.

The quarantine force is felt in the small towns and should it long continue a food famine will follow.

Herlongs Have Gone.

After a residence in this State and section for perhaps the past twenty years, V. J. Herlong and family have removed to Saluda, N. C., where they will in future reside.

Mr. Herlong has been a great factor in the upbuilding of this section, having opened up a fine country in the construction of the Gainesville and Gulf Railroad, which he owned and operated for several years. After disposing of his railroad interests he engaged in the manufacture of lumber at Bellamy, where he made a good success.

Mr. Herlong, who is a thorough saw mill man, formerly decided to locate in Alabama, but for some reason abandoned this idea and will cast his lot with the good people of the Tar Heel State. His friends wish himself and family much success and good health wherever they may be located.

A Handsome Home.

The home of J. E. Fowler, which is being erected on the property recently purchased by Mr. Fowler, Alachua avenue, is assuming nice proportions, the frame work being up. With favorable conditions, the carpenters expect to finish their labors within the next four weeks.

This house, when completed, will be one of the neatest and most modern in the city. The owner is sparing no pains or expense, looking entirely with a view to comfort and convenience.

Denver, Colorado, and Return Only $38 65 Via L. & N. R. R.

Tickets sold August 29th to September 3rd inclusive, limited September 12th to return, and by payment of 50 cents at time of deposit will be extended until October 7th. Only one change of cars via L. & N., with dining car service through. Liberal stop-over privileges. A good opportunity to visit Colorado at very small cost. Full information and sleeping car reservations given prompt attention on application to Geo. E. Herring, P. P. A., L. & N. R. R., Jacksonville, Fla.

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores, guaranteed.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. Dell, City Clerk.

Russians Declare They Will Not Accept Japan's Terms.

JAPANESE ARE STANDING PAT

It is Hope Against Hope for Peace. No Answer Received from Czar to President Roosevelt's Proposition. Protocols Not Yet Ready.

Portsmouth, N. H., August 23.—Another glimmer of hope. The meeting of the peace plenipotentiaries which was to have been held this afternoon has been postponed until tomorrow morning at 9:15. The official reason assigned for this change of program was that the secretaries had not yet completed the work of drafting the protocols for submission for the signatures of the plenipotentiaries. This is true, but there is a more potent reason M. Witte has not yet received the final word from St. Petersburg. It was expected this morning. It did not come, and therefore with M. Witte's authorization, Mr. Placon, who was hard at work upon the Russian protocol, went to Mr| Sato, the Japanese secretary, and suggested the postponement. Baron Komura approved, and the announcement was issued.

As the situation now stands, M. Witte could not, if he would cede or compromise on article 5 (Sakhalin) or article 9 (indemnity). The instructions given him by the emperor before he left St. Petersburg precluded the possibility of either, and it was stated that up to the present hour every message he has received, indirectly or directly from his emperor, shows no sign of any change of mind. And from the private advices the advisers whom the emperor is consulting seem practically unanimous in support of the view that further concessions are inconsistent with Russia's "dignity and honor;" and that unless Japan is prepared to yield something substantial not upon articles 10 or 11, but upon articles 5 and 9, it is better to continue the war.

Although it seems to be hoping against hope, there is still a possibility that the emperor will take President Roosevelt's advice and take the only step which the president thinks can save the conference from shipwreck. The president's suggestion is not general and vague, but quite concrete. If it is finally rejected, it is said, not to involve a specific answer but M. Witte is anxious that the emperor shall have full time to deliberate and the Japanese have no desire to force the issue. They will welcome a few days' delay if the delay keeps the door of peace open. There is a strong intimation that the Japanese are prepared to make a proposition when the conference reassembles, but there is nothing to indicate that they are prepared to recede on either articles 5 or 9. Articles 10 and 11 they might forego, but that would hardly bring peace nearer. Five and nine remain now as at the beginning, the seemingly insurmountable obstacles to peace. Article 10 of Japan's demands provides that the Russian warships interned in neutral ports shall be turned over to Japan. Article 11 calls for the limitation of Russia's naval power in the Far East.

Secret Conference at Navy Yard.

At 1 o'clock today a personal representative of President Roosevelt was closeted with M. Witte and Baron De Rosen in the naval general stores at the navy yard. The appointment for the confervnce was made through Secretary Pierce last night. It is not yet known who the representatives of the president is.

This sensation is yet unknown at the Wentworth. Since 12:30 the correspondents have been waiting on the veranda of M. Witte's apartments where he had an appointment to meet them at that hour to be photographed with them. They awaited his coming for half an hour and then dispersed and everyone is wondering where M. [illegible] and whether [illegible] his been begun about 12:30. M. Witte and Baron DeRosen left the hotel this morning in an automobile supposedly for a ride. Mr. Pierce has not been at the hotel since this morning, and it is supposed he is also at the navy yard, where he may have received the president's representative and presented him to the plenipotentiaries.

The great care had been taken to prevent the fact of the secret meeting from being made public. It had been intimated that Mr. Witte and Baron DeRosen had gone to York harbor for a ride.

The true reason for the postponement of today's session of the conference is now apparent.

The President Hard at Work.

Oyster Bay, August 23.—While President Roosevent has not relaxed in the least his efforts to bring the Russian and Japanese envoys into an agreement, a distinct lull in the negotiations was noticeable here today. No visitors on business connected with the peace proceedings were expected.

Assistant secretary of state, Mr. Pierce, at Portsmouth, is keeping the president advised of the developments in the situation there, but the precise nature of the information he transmits is not disclosed. So long as the conference remains in session the president will hold himself in readiness to assist the envoys in any proper way to reach a successful conclusion of their mission. He is very much in earnest in the efforts he is making now to clear the way to an agreement, and it is believed his strong feeling in the matter has impressed itself upon the minds of the conferees.

That the president's earnestness took a practical turn in his conference with Ambassador DeRosen and Baron Kaneko, is beyond question, but there are reasons for the belief that the full purport of his proposals has not yet appeared. It is felt here that as an immediate break in the conference seems to have been averted there is yet hope of a successful issue to the conference.

News From French Capital.

Paris, August 23.—The St. Petersburg correspondent of the Temps contradicts the report of the London Times and Berlin Lokal Anzeiger to to the effect that a council held at Peterhoff it was decided not to make further peace concessions. He said that the council, on the contrary, pronounced by a small majority for the conclusion of the peace and that the emperor has ordered the Russian delegates to make a new proposition relative to indemnity.

The correspondent adds that the Russian delegates have received the telegrams from the general's in the field urging against the conclusion of an unfavorable peace, as the army feels sure of victory.

POLICE ARREST PROFESSOR.

Had Been Banished from Empire But Returned Without Permission.

Chicago, August 22.—The Record-Herald today says that Professor Paul Milyoukov, who was arrested at his old home near St. Petersburg yesterday in a raid by the czar's police, was connected with the University of Chicago until last March, when he returned to his native land to aid the propaganda of Russian liberty.

Professor Milyoukov aroused the wrath of the Russian emperor when he returned to St. Petersburg, for 12 years ago he was dismissed from a professorship in the University of Moscow, where he had received his degree of A. M., and at the same time he was banished from the Czar's domains. His expulsion followed active work toward reform.

At the University of Chicago Professor Milyoukov was looked upon as one of the most brilliant members of the faculty. He is an eminent scholar in several lines though he confined himself here most particularly to lecturing on Russian social conditions.

Boycott Will Soon End.

Shanghai, August 23.—It is understood that the viceroy and governor of this province have agreed to suppress the boycott against American goods, which probably will be ended before [illegible]

FEVER SITUATION GREATLY IMPROVED

Perfect Harmony Between Federal and Local Officials.

TOTAL CASES, 1,457; DEATHS, 211

While the Fight Against the Plague is Not Yet Won, the Authorities Feel Certain They Have the Fever Well in Check.

New Orleans, August 23.—Showers today promised some amelioration of the high temperatures which have been prevailing, but otherwise there was little change in the yellow fever situation.

Six deaths during the night promised that today's total would run about equal with that of the preceding 24 hours. There was little variation in the number of new cases in the early morning report. The medical authorities said today that evidence of the fact that the situation is constantly improving, insofar as the system of controlling it is concerned, was to be found in the fact that cases are now being reported six and eight hours after they are taken down. It is an indication of the efficiency with which the local physicians are co-operating with the federal authorities Report of cases promptly on their occurrence permits immediate screening and thus lessens the changes for infection of persons who have not been attacked.

One of the cases reported today in the city was of Salvador Lucca, a sailor on the schooner at Spanish Fort. He had been ill for several days. There is a possibility therefore that others on the same schooner will be affected as well as members of other crews.

Fight Not Won Yet.

While the leaders in the fight against yellow fever feel that the great struggle is succeeding beyond their expectations, there is no disposition to lull the public into a false sense of security lest there shall be a relaxation of the efforts which it is essential that every householder shall make if the present control of the disease is to be maintained. The fight has not yet been won, said Professor Metz, of Tulane university, today in urging every citizen to keep up his enthusiasm. We are only on the foothills; the mountains are yet to be scaled; the fortifications are yet to be taken. In the next two or three weeks it will be known whether the disease can be stamped out or checked. If it can be stamped out, it will be a miracle. That it can be held in check is believed, but the people of New Orleans must exert themselves to the utmost.

With the deaths, however, running into the fifties and rapidly approaching the eighties at this time in 1878, and the new cases of genuine yellow fever approximating 200 against less than a dozen deaths daily now, there is considered to be every justification for the encouragemen twhich Dr. White announces he feels over the situation.

Especially encouraging is the situation above Canal street. The disease has struggled desperately to gain a foothold in that section, but has failed. There have been a considerable number of cases but they are widely scattered, and there is not a nest of them to be found anywhere from Canal to the upper limits of the parish.

Some days ago President Souchon wrote to the railroads asking them to put on small trains to come of the towns which are in sore distress because communication is cut off. General Superintendent Cushing, of the Southern Pacific has written a reply that the road is now running trains at a heavy loss to afford service for non-infected localities. Travel, however, is so light that these trains are earning less than one-fourth of what it costs to run them, and additional facilities cannot be furnished.

Italian Concealed Case.

The cases reported from St. Bernard parish, adjoining New Orleans, show how difficult it is to keep track of sickness in the country. One of the cases was that of an Italian woman. She had been sick for a week but her husband concealed the fact and [illegible] Yesterday he found her dying and summoned a physician. When the physician arrived she was dead of yellow fever, leaving seven children, the oldest 10 years old and the youngest 5 months. The oldest child was also found to be infected.

The announcement of the surgeon general, Mr. Wyman, in a telegram to President Souchon that it is impossible to take adequate precautions at Colon to disinfect vessels and that every vessel from there to southern ports must be detained at port of arrival five days, is expected temporarily to transfer all cotton trade heretofore passing through southern gateways to New York. Already fruit carrying vessels which touch at the Panama port have been barred.

RUSSIAN MEETING IN GOTHAM.

Revolutionary League Denonuces Czar Nicholas and His Methods.

New York, August 23.—A meeting of the Russian revolutionary league was held last night on the East Side to discuss the ukase issued Saturday by Emperor Nicholas. About 300 Russians were present. All the speakers strongly condemned the new Russian plan and characterized it as a ruse to gain sympathy of other constitutional governments. Dr. S. C. Hitlovsky, one of the principal speakers said

"This so-called plan to give the people a voice in the government, has three drawbacks:

"First, those who are called to serve in the zemstvo are required to swear allegiance to the autocracy;

"Second, all those who wish to vote are required to hold a certain amount of this world's goods.

"The amount sounds small to Americans, but in Russia it is a large amount and will shut out many thousands from voting. Third, a majority of two-thirds is necessary to pass any measure. In Russia there is an old law which gives the autocracy the right to overrule a two-thirds majority; so where does the power of the people lie?"

A meeting of avowed anarchists was held last night in another hall to discuss the ukase. Police were scattered through the crowd and guarded the doors to prevent persons from entering after the seats had all been occupied.

Speeches of the most incendiary type were delivered from the beginning of the meeting. Emperor Nicholas was subjected to torrents of abusive language, and threats also were made that the United States will soon undergo anarchist revolution. A police sergeant commanding the detail in the hall quickly stopped the tirade by sending word to the managers of the furious riot talk that it must be stopped.

Killed Wife; Then Suicides.

Brieton, Mass., August 23.—Letters received from James W. Crawford, a shoemaker, saying that he intended to murder his wife and then kill himself, brought a physician and a nephew of Crawford to the man's house here and revealed the fact that the threat had been fulfilled. With a razor and a butcher knife he had almost cut off his wife's head, and then had committed suicide by cutting his own throat with the razor. A note was found written by Crawford saying that it was a case of murder and suicide, because he was jealous. Crawford was 53 years old. His wife was of the same age.

Coal Laden Schooner Wrecked.

Chatham, Mass., August 23.—The coal laden schooner McHaskell, bound from New York to Rockland, Me., ran on Handkerchief shoal during the thick weather last night. Captain Nelson of Taunton was drowned. Three members of the crew reached shore in their own boats today. The vessel struck the shoal at low tide. [illegible] when the tide turned she rolled over and sank.

Noted English Architect Dead.

London, August 23.—Alfred Waterhouse, well known architect and prominent member of the Royal Academy, died here today. He was born at Liverpool in 1830. Mr. Waterhouse designed many of the best known buildings in various parts of England.

TERRIBLE TORNADO SWEEPS MINNESOT

Great Destruction Is Wroug By Terrific Storm.

MANY LIVES REPORTED LO

Growing Crops Are Entirely Destroy in Some Sections—Worst Stoom Years and Much Property is Da aged—Many Roads Washed Out.

St. Paul, Minn., August 23.—Devastation, terrible and complete, was wrought on all sides of the Twin Cities, by the storm of Sunday night according to reports just received here. Through all the region from Anoka to Fillmore counties reports tell of disaster and loss of life and property.

Members of families are missing and it is believed they are buried under the debris which was strewn broadcast by the wind.

Many instances of maiming are reported, and the total loss of life will not be known for some days.

Crops, which had been cut and were ready for threshing, suffered in many places and standing corn was damaged by hail and wind. Hailstones were inches in circumference, which [illegible] oc with the crops in some [illegible] Large sections of railroad track were swept away south of here, and the mail trains on certain portions of the Chicago, Milwaukee and St. Paul road were run in on improvised tracks. Washouts were numerous, both along the railroads and the highways, the rainfall being enormous.

In some of the farming districts the grain was stripped from the fields by the furious winds and many haystacks were completely demolished.

Huge trees, which have [illegible] withstood the storms of years were uprooted and hurled here and there, and barns and other outbuildings were completely destroyed. The damage done to buildings and crops in the southern counties will reach many thousands of dollars, but no accurate estimate can be formed until more reports are received.

All sections report that the storm was cyclonic in its nature, and from some points reports tell of a funnel shaped cloud that descended with the most intense fury, leaving destruction in its path.

Another Iroquois Theater Victim.

Chicago, August 23.—Another [illegible] was added to the Iroquois theater death roll when news was received yesterday that Mrs. Henry M. Kidder, of Evanston, had died suddenly at Carlsbad, Germany. Mrs. Kidder left Chicago three weeks ago on account of her health. She had been in poor health ever since the burning of the theater, in which she nearly lost her life. She was the wife of Henry M. Kidder, a member of the board of trade, and her daughter is Miss Kathryn Kidder, the actress.

Plumbers to Meet in Birmingham.

Birmingham, Ala., August 23.—The twenty-second annual convention of the International Association of Master Painters and Decorators of the United States and Canada will be held in Birmingham instead of New Orleans, in February next. A telegram has been received from President Peters, of Richmond, Samuel Harris, of this city, who is the Alabama member of the national executive board: "The convention will meet in your city. Make preparations."

Woodworkers' Strike Settled.

Chicago, August 23.—The strike of the wood workers was settled today and 2,300 men who have been affected by the strike will return to work in the 12 plants involved. The settlement is in the nature of a compromise.

Three More Bodies Recovered.

Norfolk, Va., August 2.—The bodies of thre more victims of the Atlantic Coast Line's excursion wreck of last week have been found floating in the western branch of the Elizabeth river. They are all those of negro men, and are as yet unidentified.

ANOTHER BLIND TIGER RUN TO THE EARTH

Harmon Jones, Alleged Booze Dispenser, is Now in Prison.

THOUGHT BOOZE WAS CIDER

Admitted That He Was Selling the Stuff, but Declared in Court That it Was for Another Party, and He Believed it Cider.

The blind tiger fiend insists upon following his avocation in this county, notwithstanding that he realizes he is facing a hard proposition indeed if he is caught, with chances of being caught nine to ten against him. Deputy Sheriff Beach brought an offender who was arrested for the illegal sale of whiskey from Trenton Monday, and this offender is now in jail awaiting the action of the grand jury.

Deputy Sheriff J. L. Story arrested Harman Jones, a negro, at Rochelle Monday afternoon upon a charge of selling whiskey in a dry county. The man was arraigned in Justice Colman's court Tuesday, and admitted that he sold the beverage, but stated that he was selling same for another party, with the understanding that it was cider. Officer Story captured a ten-gallon keg about half full of a mixture of cheap whiskey and wine, and this was produced in evidence. The defendant also admitted that it was the same "stuff" he had been dispensing to the booze exterminators of Rochelle and vicinity.

After hearing the evidence in the case, several witnesses having testified, Justice Colman held the man under a bond of $300, in default of which he was remanded to jail.

Sheriff Fennell and his officers are determined to stamp out the blind tiger nuisance as far as possible, and they are succeeding admirably. The county commissioners offer a reward of $50 for the apprehension and conviction of every offender of the law in this direction, and recently several important "hauls" have been made, four of which were in Newberry.

A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

JUSTICE COLMAN'S COURT.

Two Young Men Arraigned Charged With Interfering With Officer.

Morgan Mansfield and S. P. Booth, two young white men who are employed on the naval stores farm of J. D. Pope & Co., Rochelle, and who stand well in their community, were arraigned before Justice Colman Monday afternoon upon a charge of interfering with an officer in the discharge of his duty and making an assault. Deputy Sheriff L. E. Story was the plaintiff and appeared to testify against the young men, but through their attorney, Evans Haile, they waived examination for their appearance before the grand jury at the fall term of the circuit court and gave bond.

It is said that the young men, when they learned that a warrant was out against them, immediately came to the city and surrendered.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter. writes April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

WILL ERECT A CHURCH.

Seventh Day Adventists Working to That End With Good Effect.

The congregation of the Seventh Day Adventists, who have been conducting services at the homes of the various members, have decided to erect a church, and are now soliciting subscriptions from their friends to that end. The effort is certain of success, as considerable money has already been subscribed, and it is believed that work on the building will begin before the end of the year.

It has not yet been definitely decided where the church will be built, but inasmuch as the larger proportion are residents of North Gainesville and vicinity, the probability is that it will be located in that section of the city.

The Seventh Day Adventists, which a few years ago could be counted in this locality upon the tips of the fingers, have gained remarkably, and will now reach nearly a hundred.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. J. W. McCullom & Co.

Malbra Rogers Improving.

Friends of Rev and Mrs. S. B. Rogers will be gratified to learn that their little son, Malbra, who was the victim of an accident in being run over by a heavy wagon near Tallahassee recently, is improving rapidly and the probability is that he will be entirely recovered in a few days.

Mention of the accident was published in The Sun the following morning after it occurred. It was a thousand wonders how the little victim escaped instant death, but fortunately he lay in such position that this was not the result. It was believed that he would be deformed for life should he recover, but by skilful treatment every bone has been reset and the physician writes Mr. Rogers, who is now here, that no ill effects will follow the accident.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

THE NEWS FROM WALDO.

Infant Drank Potash and Had Narrow Escape From Death—Personals.

Waldo, Aug. 22.—N. D. Patterson and family have taken rooms at the Renault House. They are from Orange Heights, and he has employment with John L. Winter on the Seaboard Air Line.

Mr. and Mrs. Atwater are having a visit from Mrs. Atwater's sisters, Mrs. Eddington and her daughter and Mrs. Oliver, of Philadelphia, and New Jersey. It has been seventeen years since they lived here.

Mrs. Dr. Murphy and son, Taylor, have been visiting Mr. and Mrs. J. W. Wilkerson several days, while the Doctor has been looking after his place on the lake.

Mr. McLenna has gone on a visit to his former home in South Carolina, whither Mrs. McLenna and children have preceded him. In the meantime Sam Kincaid and J. L. Neal conduct the mercantile business of McLenna & Kincaid.

Mrs. Tyson, sister of Mrs. White, died a few days ago and her body was taken to Bradford county for burial.

Mrs. E. Renault has returned from attendance for some weeks upon her daughter, Mrs. Flagg, at Portsmouth, Va., who has been very ill.

Miss Nellie Smith, bookkeeper for T. T. Williams & Co., has returned from a visit to Daytona.

Farmers state that much of their corn is rotting from the wet weather in the fields.

The Methodist choir is preparing for a concert to be given shortly.

The Mr. Foster, who was recently assaulted by a German and his wife in Jacksonville, and who died suddenly just afterward, was a citizen here a few years ago.

Arthur Stevens, a prominent young man recently employed in his father's store here, which was sold to E. H. Jones of Hampton, left yesterday for New Hampshire on a visit to the old home and relatives of the family.

Dr. Maines was called to attend the infant child of Mr. and Mrs. Dock Johns, which had drank potash water used in scouring. It recovered under his skilful treatment.

Several persons have lost their horses recently from "staggers," among them Rev. Jos. Sumlin, the colored Baptist pastor.

Rains continue, and well water is unfit for drinking purposes. Mosquitoes are worse than usual.

Cures Sciatica.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

ANOTHER BLIND TIGER IS CAUGHT

Had Been Working in a Tie Camp Near Trenton.

ONE COLORED MAN NOW IN JAIL

Another Gentleman of Color Arrested for Carrying a Revolver—One Bound Over to the Circuit Court and the Other Fined a Hundred Dollars.

Deputy Sheriff Beach of Trenton arrived in the city at 6 p. m. Monday with Henry Holmes, a colored chap, who has been engaged in the blind tiger business near that place. Deputy Beach had been a little suspicious of the work going on in a tent about two miles from Trenton in a tie camp, and when he caught his man in the act he nabbed him.

Holmes was taken before Justice Drummond of Trenton, and entered a plea of guilty. He was bound over to appear at the next term of the circuit court, and in default of $350 bail, will await further action in the county jail in this city.

A half-dozen bottles containing whiskey were found in the tent, which Deputy Beach also captured.

In the raid a very formidable looking revolver was found, which belonged to Rev. R. R. Rivers, a colored parson, who "preys" more than he preaches. His reverence owned up to the fact that the weapon belonged to him, and he was fined $100, which he paid.

These fellows have been dodging the officers for some time and Deputy Beach has been on the watch to get a sure thing, and he is to be congratulated on his success. He says these chaps must certainly go and he will keep them on the run, now that he has them started.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

WEST END SALE.

Green Chaires Purchased Fine Tract of Land Near Fannin.

Real estate seems lively not only in the city, but throughout the entire county, and a general air of confidence of the future is apparent everywhere.

Green Chaires of Old Town has purchased through J. W. Patton a tract of 50 acres in the West End, near Fannin. The tract is partly timbered, the remainder cleared for farming purposes. It is one of the most fertile tracts in that section, and Mr. Chaires' friends are congratulating him upon the purchase.

It is understood that the demand for real estate is also good in the East End but owners of country property as a rule have no desire to sell.

Fiendish Suffering

Is often caused by sores, ulcers and cancers that eat away your skin. Wm. Beck of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.

East Gainesville Progress.

It is true that every section of the city is progressing in the matter of building, but East Gainesville is receiving her share of the improvement. Many handsome homes have been completed in that section and many more are under course of construction. Among the latter is the house of August Wenski, which is located at the corner of Alachua avenue and North Evans street. This building will be two stories in height and will contain eight rooms.

Mr. Wenski proposes in a short time to erect two more cottages on his East Gainesville property.

Peculiar Disappearance.

Of Mr. Runyan of Butlerville, O., laid this peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

MR. BROWN PLEASED.

President of Fair Association Admires Alachua County Energy.

President Thos. J. Laud Brown of the Florida State Mid-Winter Fair Association appreciates the energy of the Alachua county people in their quick and united action looking towards a fine exhibit of Alachua county's resources at the State Fair, which will be held in Tampa from November 15th to 30th of the present year, and in a letter to the vice-president for this county does not hesitate to say so.

"I am glad to note the energy taken by your people in organizing promptly. Alachua county is one of the wealthiest in the State from every point of view and I feel sure that your exhibit will be inferior to none and equaled by few, if any, because you have gone about it right and have perfected your organization in a thorough and systematic manner. Much success to old Alachua and her people," President Brown writes.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

Will Keep Them Cool.

The congregation of the Methodist church will have no trouble in keeping cool in future, as three fans have been installed, and there will be no inconvenience from the heat.

"My congregation in a large measure have been accustomed to nodding," remarked Pastor Nixon in a good-natured way, "but I have the fans now, and inasmuch as they will tend to keep the crowd cool, they could do nothing more than to give the pastor enough attention to keep awake during the service."

The friends of Mr. Nixon present appreciated this remark, because they realize that he is one of the best in the Florida Conference. While they will continue to enjoy the sermons, they will nevertheless appreciate the fans, which will save a great deal of "extra effort" in trying to keep cool.

Another Important Transfer.

The transfer of property in the vicinity of the new University grounds has been so frequent and steady since Gainesville secured the location of the University that it has been difficult to keep up with same. No less than one hundred and fifty lots have passed into new hands, and still the activity continues.

The latest transaction was the transfer of eighteen lots, which Dr. D. N. Davis of Dunnellon reports as having purchased. Dr. Davis is apparently well pleased with Gainesville, as has been demonstrated by this purchase. He states that he proposes to erect cottages upon six of the lots, and will likely place the remainder upon the market.

SCHOOL FOR WOMEN.

Florida's College for the Education of Her Daughters.

Situated upon one of the heavily wooded red clay hills of Leon county, just to the west of Tallahassee, stand the buildings that are destined to become the seat of learning of the young women of Florida. The famous Buckman law abolished the Florida State College but created the Florida College for Women. The Board of Educational Control, in charge of the institutions of higher education, intend that the Female College shall be one of the finest academies in the South. The first sure step in this direction was the selection of Prof. A. A. Murphree as president and the approval of a faculty named by the president.

Mr. Fred. W. Kettle, secretary to President Murphree, is in the city for a few days in the interest of the college. Mr. Kettle is making a tour of the State for the purpose of making known the scope of the institution under the new law. His aim is to meet the parents and guardians whose daughters and wards are ready to enter this college and to interest them in this school in calling attention to its many advantages. Another year some one will have a similar mission to perform in behalf of the Gainesville University.

Like Gainesville, Tallahassee has exceptional advantages as an educational center. It has an ideal climate, particularly through the school months. The air is dry and bracing and conducive to effective work. The location is both beautiful and healthy, and, for the present, the buildings are adequate and delightfully arranged. The social environment is another attraction. The good women of the city of Tallahassee have the success of the college at heart and will do their share toward extending students a cordial welcome and gracious hospitality.

The college consists of several departments, including the college of liberal arts, school of music, school of art, department of domestic science and physical culture. There is also the State school for teachers. These departments offer the young people of Florida exceptional facilities for acquiring a generous and broad education and at a nominal cost. The college is maintained largely by State appropriation and, therefore, tuition is free except in the schools of music and art. The total cost for board and incidentals does not exceed $120 for the scholastic year of thirty-four weeks.

The new catalogues of the College for Women are now being mailed to all parts of the State. Parents and guardians interested are urged to write at once to President A. A. Murphree at Tallahassee for a catalogue and for further information regarding this, one of the two prominent educational institutions maintained by the State.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches, the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

Preached Fine Sermon.

Rev. S. B. Rogers of the First Baptist Church was greeted at the union service, Methodist church, Sunday evening, by one of the largest congregations of the season, despite the warm weather.

Mr. Rogers, who is one of the most pleasing and interesting speakers in the State in his profession, held his congregation for nearly forty minutes, and it was one of the most practical and forcible sermons ever heard from a Gainesville pulpit.

The church has been equipped with electric fans, which make the place very comfortable now.

Cured Hay Fever and Summer Cold.

A. J. Nashbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

COL. PHILLIPS TALKS ON THE STATE FAIR

Says it Will be the Finest the South Has Ever Seen.

PREMIUMS WILL BE LARGE

This Will Induce a Fine Display of County and Individual Exhibits, Which Means Success—Buildings Will be Completed in Ample Time.

Hon. H. S. Phillips, a prominent attorney of Tampa, is in the city on professional business, and while here is the guest of J. A. Phifer. Mr. Phillips states that the State Fair at Tampa, which will be held from November 15 to 30 of the present year, will be the most extensive undertaking of the kind ever attempted in the South, and indications are that Tampa will witness the largest crowds in its history, with the exception of the period when the soldiers were encamped there during the Spanish-American War.

Owing to the liberal appropriation made by the last session of the Legislature, the premiums for both county and individual exhibits will be the largest ever offered by any Southern fair, which fact is bound to attract the largest general display of products ever seen in the State. As an illustration of the liberality of the premiums, the following are for counties having the largest and best general display of products adapted to Florida, including agricultural products of all kinds, citrus fruits, vegetables, cereals, minerals, forestry, live stock, educational work, art work, etc :

Six prizes—First prize, $2,000; second, $1,000; third, $500; fourth, $250; fifth, $150; sixth, $100.

"I understand that large premiums, ranging from $500 to $1,000, will be given to counties for separate products exhibited, and premiums to individual producers will be on the same liberal scale," said Mr. Phillips.

"The directors of the Fair Association are all men of push and energy, and are working in unity for the advancement of the whole State. The Association has made a big undertaking, and I am sure the people are going to stick to them.

"This State Fair proposition is not a temporary carnival, but something which is here to stay. The grounds have been leased for five years, and buildings are being erected which are not mere shells, but something substantial. Work on the main building, which is to be 910 feet long by 95 feet wide, is progressing nicely, and no time will be lost on beginning the other buildings, including the big grand stand, bleachers, stables, poultry houses, and other minor buildings.

"The magnificent exposition building of the Tampa Bay Hotel, erected by the late H. B. Plant at a cost of several thousand dollars, will be moved into the fair grounds and used for a woman's department exclusively. Another important feature of the Fair will be the colored people's building, which will be devoted entirely to the exhibit of the productions of the colored people of Florida.

"I want to congratulate the people of Alachua county on their prompt and energetic action they have taken in the matter of representation at the Fair," concluded Mr. Phillips. "The people of Hillsborough county have always regarded the Alachua county people as friends, and have classed them among the most progressive in the State, as has been demonstrated on several occasions, the latest being in the fight for the University. They are a unit on all things good and for the advancement of their county, and I feel sure that at the State Fair they will be there with 'the goods.'"

Mr. Phillips has many friends in this section who are glad to greet him again.

Jottings From Jonesville.

Jonesville, Aug. 23.—Mrs. Pauline Stinchcomb is visiting Miss Melissa Pickett. She expects to make her departure for her home at Fort White Tuesday.

"I am satisfied that thousands of women suffer because they do not realize how bad they really need treatment and feel a natural delicacy in consulting a physician.

"I felt badly for years, had terrible pains, and at times was unable to attend to my daily duties. I tried to cure myself, but finally my attention was called to an advertisement of Peruna in a similar case to mine, and I decided to give it a trial.

"My improvement began as soon as I started to use Peruna and soon I was a well woman. I feel that I owe my life and my health to your wonderful medicine and gratefully acknowledge this fact."—Maria Ducharme.

TAX RATE MAY BE HIGHER.

Great Increase Made in Property Returns in Georgia.

Atlanta, August 23.—The governor and comptroller general will fix the state tax rate the latter part of this week.

Every possible effort will be made to keep it down as low as the tax rate of last year, which was $4.80 on $1,000 though from present indications that will be practically out of the question.

The tax levy this year will include for the first time the additional $200,000 given to public schools from direct taxation, this appropriation having been increased to $1,000,000 in the general appropriations bill of 1904, and made applicable for 1905.

The indications are, therefore, that the rate fixed this year will be nearly 5 mills or $5 on $1,000, though Governor Terrell and Comptroller General Wright will make every effort to keep it down to last year's figures. It is possible they may find some expedient by which this can be done.

The last tax digest, that of Glynn county, was received by Captain "Tip" Harrison, of the comptroller general's office Monday, and with Glynn's report the total net gains in the values of taxable property throughout the state, over the returns of last year, are found to be $37,894,084. Glynn showed a gain of $179,695.

Only three counties in the state showed a decrease, as follows: Echols, $951; Jasper, $657, and Tallaferro, $1,445. But these, as is apparent, do not materially affect the net increase. With the increase in the valuation of the state's taxable property over last year will be about $45,000,000.

Pugilist Arrested for Theft.

New York, August 23.—A man giving the name of Yank Kenney, formerly well known pugilist, was arrested last night in Brooklyn, charged with stealing a purse containing $340. The man who lost his wallet identified one found on the prisoner but said he could not positively identify Kenney as the thief. The pugilist was locked up for the night.

Georgia has disbanded her negro militia companies. They were only used in dress parade, as their presence during a riot or other uprising would only serve to fan the flames.

Several explosions as of booms were heard in Saratoga, N. Y., on the evening of the 15th. Possibly Booker Washington was celebrating the event of his entry into the swell society of that fashionable resort.

The supreme court of Kansas has decided that a real estate dealer, who does not advertise his business as such cannot collect his fees under the law. This is a point that dealers in real estate should bear in mind.

The Daytona people claim that local option will carry in that place sure. Putnam county is also quite certain to go dry and Clay county will follow. If Bartow fails into the dry column the state will soon be as dry as a tinder box.

The roads in Hillsborough county are said to be in horrible condition. There are other county roads in the same bad condition. It is quite evident that the plans made through the columns of the state papers on the county roads have not helped them much. It now seems that Divine Providence interfered in the appointment of county judge for Marion county. The Ranger says that the rain was the cause of the non-attendance of the Democratic County Committee at the meeting and action was taken. A Democratic committee that will let anything short of a cloud-burst stop its deliberations needs to be reorganized and have some sense of business placed on its members.

SOUTHERN ADVANCEMENT.

The increase of wealth in stock raising, agricultural production and manufacturing activity in the Southern States is recounted with reasonable pride by The Manufacturers' Record of Baltimore.

In commenting on this subject The New York Sun says that between 1900 and 1904 the assessed values of property in fourteen of these States increased at the rate of nearly $250,000,000 a year, and this average is likely to be much greater in 1905. Of the total value of our exports in the last fiscal year more than 30 per cent represented cotton and its products, and cotton manufactures rank fourth in actual value in the exports of manufactured goods. The South's share in all the exports exceeded $600,000,000, and was 41 per cent.

Next to New York came the port of New Orleans in the value of its exports, then Galveston and Baltimore fourth.

Between March, 1900, and July of this year 942 national banks, with an aggregate capital of nearly $50,000,000 were organized in the Southern States. The market value of the Southern railroads, estimated June 30, 1904, by the census bureau at $2,007,528,000, represented nearly a fifth of the total in the United States. The last number of The Manufacturers' Record gives a list of six new railroads in the South incorporated and of various railroad extensions. The French Transatlantic Steamship Company is planning to begin regular sailings out of New Orleans in October.

The prosperity and extension of Southern cotton mills are described in detail. The lumber industry of Virginia and the Carolinas is now in the greatest period of activity in its history. The building activity throughout the Southern States is great, and also the development of every kind of business enterprise.

The South is rich and it is steadily growing richer. The prospect ahead is so brilliantly inviting that its contemplation ought to leave no time for unavailing regrets for an imaginary time when the South was doing better. This is its golden age, not the days of slavery, of ruinous interest rates and of capital absorbed in slave property.

ECLIPSE OF THE SUN.

We are to be treated to another solar spectacle on Wednesday, August 30th, when early on that morning Old Sol will be put in the shade by Fair Luna, but as it will be only partial in this section there will be less interest taken in the event by the young people who are given to the study of such phenomena.

The eclipse will be total only in a path 167 miles wide, beginning at a point near Winnipeg, Manitoba, at sunrise on the 30th. The shadow will then rush eastward across Manitoba, Hudson Bay and Labrador, and in little less than an hour will have crossed the Atlantic Ocean, the first contact with the Old World being on the west coast of Spain. In twenty minutes it will have reached the Mediterranean Sea. The local time there will be approximately 12:45 p. m. The shadow then enters Algiers near Tunis, traveling in a southeasterly direction across Egypt and the Red Sea. The last stage of the journey is through the desert of Arabia, and it will disappear at sunset in the Indian Ocean. The whole time consumed in this journey will be not quite three hours. The United States Government is sending expeditions to Labrador, where observation stations have been established in the path of totality.

The St. Augustine Record, which has been posted on the demonstration by the Weather Bureau at Jacksonville, says the sun will rise in all portions of Florida partially eclipsed and that the eclipse will first be seen about 300 miles off the Florida coast, and at 5 o'clock when the sun rises there, about two-fifths of the sun's surface will be in shadow. The obscuration of the sun's diameter will vary for different sections; for instance, along the East Coast it will be less than .20 in the extreme south portion, varying thence northward to .28 in the vicinity of Jacksonville and St. Augustine. The maximum obscuration will be reached after sunrise; at Jacksonville it will be .40, decreasing down the coast to .22. The sun will rise along the whole East Coast of Florida at practically 5 o'clock, local time.

The war in the Far East has not been of much benefit, at least the floating of the Russian warships that were sunk has only resulted in their being with Japanese names, which are almost as bad as the Russians used.

RUSSIA AND HER ACTS.

It is a fact that Russia has never had the sympathy from the United States that she could have obtained had that government been more humane in its treatment of her Jewish population. Never have the Jews had recognition in any shape in that country except to extort money from them, and such treatment of their subjects in the eyes of a free people cannot fail but bring forth a feeling of disgust and contempt.

The fact that they have had no representation in any shape brought on a conference between a committee of representative American Jews with Mr. Witte a few days ago in the course of which the committee told him some straight facts concerning the reasons for the strong sentiment against Russia now prevailing in this country. They said—which is true—that the horrible treatment of its Jewish population by Russia has served to negative all Russian claim to the possession of anything deserving the name of high civilization; and they argued with Mr. Witte that only by the observance of true Christian liberality towards the Jews can Russia restore herself in the eyes of the civilized world.

Mr. Witte has force and strength enough to understand this matter, and if he takes the matter as he should and explains it to the Czar, he may be able to show that for the many outrages committed this odium rests upon the Russians and always will until relief is obtained.

RIGHT SORT.

The mayor of Gainesville is one of the progressive sort. Last week he returned an ordinance authorizing an election for bonding that city for $50,000 for sewerage because, he declared, "it was not broad enough." In returning it he recommended that the call should be for an election to bond for $100,000, and that all the modern improvements be obtained for this growing little city. With such a mayor and equally progressive citizens, how can a town help but grow?—New Smyrna Breeze.

We assure The Breeze that the mayor of Gainesville is always for progressive methods and everything that will promote the welfare of our city. He is also backed by an equally progressive citizenship that is bound to push to the front. Gainesville has many natural advantages, but we need some improvements to help what nature has so generously bestowed, when we will advance in every way. We will not retrograde, but move forward.

The Jacksonville carpenters have very wisely concluded to continue the strike. Perhaps if they can subsist until the weather gets cooler and the baseball season is over, they will feel like getting down to work. This hot weather is very demoralizing anyway.

Rev. W. J. Carpenter has opened the campaign in Marion county for the local option election and The Ocala Banner says he made an able address. Wonder if he will get raked over the coals by Br'er Roberson for trying to save men from the curse of liquor?

It looks as though Russia is satisfied she has lost, but hates to give up the money. Why not divide it and let Japan have 75 per cent, and when Russia whips some smaller power and gets a record, she can have another go with Japan.

A man convicted of murder at St. Louis, who is now supposed to be innocent, was hanged a few days ago. Another argument in favor of coming to Florida—we show mercy to murderers.

The Tampa Board of Trade is sending out a circular containing much interesting matter concerning that city, with a short advertisement for the fair. It is time something was done in that line.

Surgeons in Los Angeles, Cal., found a man with his heart on the right side, nearly six inches from the right place. No such people in Florida. Every man has his heart in the right place.

It might be well enough for President Roosevelt to line up a dozen or so of the naval fleet at Portsmouth and tell those chaps that something must be done.

Mrs. Mary Dodge, the poetess and editor of St. Nicholas Magazine since its foundation in 1873, died at New York August 21st.

If the Japs can get to going in a few weeks they can clean up the Linevitch hangs out in Manchuria by Christmas.

INDUSTRIAL EDITION.

On Thursday, November 16, 1905, the publisher of The Gainesville Daily Sun will issue an Industrial Edition of this paper, which will comprise a complete descriptive write-up of Alachua county, including the city of Gainesville, giving a description of its Industries, Mineral Products, Resources of the Soil, as well as its Educational Advantages, Future Prospects and its adaptability as a home for those seeking a location for business activity or for health.

This edition will be printed on high grade book paper, profusely illustrated, with an illuminated cover that will be highly attractive. The edition will comprise 20,000 copies of 36 pages each, including the cover, and will be of great value to those who desire to send them away to their friends, as the facts it contains will be thoroughly reliable.

A limited space will be reserved in this Industrial Edition of The Sun for the use of legitimate advertising, and reliable business houses will find it to their advantage to communicate for space at the earliest possible date.

The Object

Of this edition is to have a greater portion of the 20,000 copies for FREE distribution at the Florida State Mid-Winter Fair at Tampa, November 15 to 30, 1905, to familiarize the people who visit that exhibition with the advantages offered to settlers in Alachua county, the county of varied resources and the Hub of the Peninsular State of the South.

THE NEWS FROM ARCHER.

Many People Spending Vacations. Foundry in Operation.

Archer, Aug. 23.—Mrs. Dr. DePass and children and sisters, Suzanne and Nellie, have gone to Rock Bridge, Alum Spring, Va., to spend the balance of the summer.

Rev. Waddell preached for the good people in Jacksonville on last Sabbath.

The foundry and machine shop of H. Maddox at this place is in full operation and is doing considerable work. C. O. Collins, a machinist employed, has rented the J. P. Fry house and moved in.

Mr. King, the night operator here, has moved into the Kate Rogers cottage, and L. DeYampert of Tioga is occupying the house made vacant by Mr. King.

H. Poleman has taken the contract of logging a mill near Lawtey, and has moved his cars and engine to that point.

Mr. and Mrs. C. D. Wood and children and Mrs. Gibson, and Mr. and Mrs. W. H. Powell and children, have gone to Daytona to spend a few weeks.

Mr. and Mrs. Milne of St. Petersburg were visiting friends here last week.

The article in Saturday's Sun is incorrect as to the shooting on Sunday, and the party reporting it must have lived in Dunnellon or away back. Alex Madison is the party that did the shooting. Whether accidental or otherwise, the gun went off in his house, hitting the fireman in the arm. The fireman got frightened and has not shown up yet. Geo. Long was fined for having weapons on him and using bad language.

John Chamblin has been on the sick list for a few weeks, but is slowly improving.

Miss Mary Bailey and Jimmie Campbell paid a short visit to Mrs. J. A. Trimble last week.

Mr. and Mrs. G. D. Fleming were hurriedly called to Tallahassee last week on account of the death of a relative.

THE YELLOW FEVER.

New Orleans is Gaining on the Disease. Spreading in the Country.

New Orleans, August 23.—The efforts of the hospital people seem to be giving evidence of success, but there can be no relaxation from the persistent efforts of those who have the work before them. The disease will be stamped out above Canal street. The local and federal authorities are working in harmony.

There were 28 new cases up to noon today and only four deaths. Six outlying towns report 11 new cases and one death.

The quarantine force is felt in the small towns and should it long continue a food famine will follow.

GEORGE COLLINS IS A BAD MAN

Got After Ed Williams With An Axe, With Painful Result.

COLLINS IS NOW IN JAIL

He Was Arrested for Assault With Intent to Murder, But Owing to Absence of Prosecuting Witness the Case Was Postponed.

George Collins seems to be in all sorts of trouble. Collins was arraigned before the mayor Wednesday morning upon a charge of fighting a colored woman, and was sentenced to pay a fine of $5 and cost or spend twenty days in jail, and before he got beyond sight of the municipal temple of justice, after paying his fine, he was nabbed by Deputy Sheriff J. H. Granger upon a more serious charge, that of assault with intent to murder.

If rumors are true, this fellow Collins had blood in his eye Monday. After the scrap with the woman he proceeded to the vicinity of the Seaboard Air Line depot, where he became engaged in a row with Edward Williams, another colored man, assaulting him with an axe, and inflicting two painful wounds, one in the side, another in the arm. Williams states that he was struck by Collins with the weapon several times, but managed to ward off the blows with the two exceptions noted.

Collins made his escape, and Williams was taken to a physician, where his wounds were dressed. The physician stated that the injuries were not necessarily serious, but very painful, and the victim would be considerably inconvenienced for several days.

Collins was arraigned in Justice Colman's court Tuesday morning, but owing to the absence of the prosecuting witness, who was unable to be present, the case was continued until Monday, and Collins was placed in prison in default of a $500 bond.

The people of Poland have engaged in a general strike, which does not look so cheerful for the Czar. The attempt to float a loan in Russia of a hundred million fell short ninety-nine million. Several men in Moscow that were trying to organize for the welfare of Russia have been started for Siberia, and the peace envoys have been notified that if they offer any money to the Japs that they might just as well bring their heads home with them in a basket. Oh yes, things look brighter in Russia!

HERBINE
TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

NOTES FROM WINDSOR.

Correspondent From That Burg Writes on Birds and Other Things.

Windsor, Aug. 22.—This part of the county has been blessed with abundant rain since July 1st. Cotton is opening rapidly. Some of the farmers have several hundred pounds picked out already.

Caterpillars have made their appearance in several fine fields of cotton, but as most of the crop was planted early in this section, we are in hopes they will not do very great injury. All people should remember, but those engaged in farming should especially keep in mind the fact that birds and predatory insects are the only effective destroyers of these and like pests. Among the birds the common Blue Jay and the Field Lark are among the most active destroyers of cotton caterpillars, pecan worms, cut worms, etc. Black birds of all kinds, from the crow down to the rice bird, destroy countless thousands of injurious worms during the nesting season. The more commonly known insects, the red and black hornets and their near kinsmen, the wasps, are great destroyers of caterpillars, worms and flies.

The citizens of New Orleans, Tampa, and many other communities are beginning to look upon the mosquito as a very bad character—in fact a kind of new "yellow peril," and are spending a great many dollars trying to exterminate them. Bearing this in mind, would it not be well for all of us to do what we can to prevent the extermination of the very useful bird known throughout Florida as the bullbat. This bird is one of the most efficient destroyers of mosquitoes. These, together with various millers and moths, form the chief part of its food. At this season of the year there are many so-called sportsmen who make use of the innocent and valuable bird as a kind of automatic target to get themselves in practice for the quail season. The flesh of these birds is not fit for food and it would be good if there were some means to stop this barbarous practice.

E. D. Phifer was the champion fisherman of the past week, having caught several fine black bass, one of which tipped the scales at something over eight pounds.

There have been several new arrivals in Windsor of late. Mr. and Mrs. I. I. Wilkerson, Mr. and Mrs. O. R. Green and Mr. and Mrs. E. F. Ormond have each received a young man for permanent board, and all within the last four weeks.

Ohioan Killed by Georgian.

Cincinnati, O., August 21.—Joseph Mara, a former city employe, was stabbed to death in a Sixth street restaurant by Albert Barnes, who recently came here from Atlanta, Ga. Barnes, who was arrested, claims that he acted in self defense. Albert Barnes, charged with the killing of Joseph Mara, at Cincinnati, O., is a baker, and left Atlanta only recently.

ALACHUA HAPPENINGS.

Ginneries in Operation—Telephone Service—Other Notes.

Alachua, August 21.—Messrs. Mizelle & Williams have now installed at their ginnery a 15-horse-power gasoline engine and commenced ginning last week.

The farmers throughout the long cotton belt report the cotton crop 25 per cent short.

Long cotton is selling in this market at from 4½ to 5 cents per pound.

The Williams Company has added a swell line of dry goods and notions to their already large stock.

The Alachua Telephone Company has now a direct line to Gainesville, connecting with C. C. Voyle's independent exchange.

Mr. Lock, agent of the Atlantic Coast Line, has moved with his family to his new residence on Dell street, in West Alachua.

Mr. and Mrs. W. M. Thomas have moved into their handsome two-story building on South street, in South Alachua.

Mrs. W. A. Farris, who has been quite sick for several days, is now improving.

The doctors report very little sickness for the time of year in and around Alachua.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Pushing Pan-American Railway.

Mexico City, August 22.—D. P. Doak, president of the Pan-American railroad, says that construction work on the second division extending from Jalisco to the Guatemalan frontier is being rapidly pushed forward and the track is being laid at the rate of a kilometer a day. The first division from San Geronimo to Jalisco, a distance of two hundred kilometers, has been in successful operation for several months.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longcliff hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902. In an awful condition. He had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

E. H. BUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" is in The Sun.

From Tuesday's Daily Sun:

J. H. Dye of Micanopy was a visitor to Gainesville yesterday.

Fine carriage and buggy painting and trimming at C. C. Pedrick's.

Samuel Crews and Frank Holder of LaCrosse were among the visitors to the county capital yesterday.

C. M. McKinney of Graham was in town yesterday and called at The Sun office and renewed his subscription.

Mrs. J. M. Manning and family left yesterday for Francis, where they will visit the former's mother, Mrs. E. W. Smith.

Ralph Chapin has returned from Tallahassee, where he has been for the past few weeks with his father, Dr. Chapin.

Prof. N. B. Mott of Micanopy, one of the leading merchants of that town, was transacting business in this city yesterday.

J. I. Griffin of Jonesville, one of the most progressive citizens of that section, was transacting business in this city yesterday.

The front of the store occupied by W. D. Rutherford, 105 East Main street, is being improved in appearance by the painter's brush.

Strayed—One cow and yearling, branded "Y." Both white-faced Herefords. Reward if returned to D. B. Warren, Sampson City, Fla. w3t.

J. D. Reeves, the contractor and builder of Micanopy, was a welcome visitor to The Sun office Monday. He reports business a little dull in his line at present.

Dr. N. D. Phillips left yesterday for Atlanta, where he was summoned on account of the illness of his grandson, Jack Milstead. It is hoped he will find the little patient improved.

Strayed or Stolen—One sorrel horse about fifteen hands high, left front foot white, some white in face, about fourteen years old. Reward if returned to A. O. Steenburg. w4t

A. H. Emerson of Kirkwood was among the visitors to this city yesterday. Mr. Emerson is a Fair commissioner for the State Fair from his section, and will likely work up a good exhibit.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

Mrs. W. M. Corpew of Melrose is in the city having been summoned on account of the illness of her daughter, Mrs. Marvin S. Phifer. Friends of Mrs. Phifer will regret to learn of her illness, but trust she will soon recover.

T. J. McRae of Hawthorn, census enumerator of this county, passed through yesterday en route to Starke and other points in the discharge of his duties. Mr. McRae will complete his labors by the first of October, all conditions being favorable.

Engaged in chopping wood in the western section of the city today John Wilson, colored, had the misfortune to badly injure himself, losing his big toe. He was attended by a physician, who treated the injury. Wilson will be incapacitated several days.

Mrs. Percival, after a pleasant visit of more than a year in this city to Jacksonville, where she will make her future home, Mr. Percival having accepted a position there. Mrs. Percival was a general social favorite here and will be missed greatly by her friends here, who give her up reluctantly. They hope, however, to see her on frequent visits.

Mr. Schofield of Bell is in the city for the purpose of securing a residence to move his family here. Mr. Schofield will establish a grocery business on West Union street. Carpenters are now engaged in making alterations in the place and Mr. Schofield expects to be ready for business the latter part of the present week. Mr. Schofield and his estimable family will be cordially welcomed here.

On opening up a special tour through Middle and South Florida the renowned eye and nerve specialists, Dr. E. H. Armstrong and staff, will be at the Brown House in Gainesville on September 13th and 14th. The Doctor, when here recently, made many friends and accepted many patients. All former patients are requested to report at the hotel for a re-inspection of their cases. Regular tours of the entire State will be made every three months and all cases taken are cared for, free of additional charge, for the period of one year. Watch for further notice.

From Wednesday's Daily Sun:

Try one of my hand-made buggies. All guaranteed. C. C. Pedrick.

N. J. Williams of Bell was transacting business in this city yesterday.

F. P. Thomas and Son, Frankland P., Jr., were in the city from Alachua yesterday.

W. M. Barco of Rochelle was among the visitors to the county capital yesterday.

George Perryman, an industrious farmer of Campville, was trading in the city yesterday.

M. B. Davis, a prosperous merchant of Hague, was transacting business in this city yesterday.

John H. Holly, the merchant of Arredondo, was among the business visitors to this city yesterday.

Dr. M. H. DePass was in the city yesterday, having come for consultation with Dr. Alderman, the dentist.

Mrs. P. E. Pournell and children, Miss Hazel and P. E., Jr., have returned from a pleasant visit to relatives at Fort White.

T. R. Pickett of Newberry was in the city yesterday. His saw mill plant, which has been closed down for several months, has resumed operations.

W. J. Hodges of Alachua, one of the solid farmers of that section, was trading in this city yesterday. He reports the planters in his section in good condition notwithstanding their losses by continued heavy rains.

Mrs. A. Taylor and children of Rocky Point have returned from Richburg, Ala., where they have been for the past few weeks as the guests of the former's sister, Mrs. Massey, nee Miss Julia Barton. They report a delightful time.

C. L. Feaster and J. H. Prater, two progressive citizens of Micanopy, were business visitors to this city yesterday. Mr. Prater conducts a saw mill and grist mill at that place, besides looking after the city's interests as mayor.

Jacob Gamble, one of the industrious colored farmers of Rochelle, called at The Sun office yesterday and renewed his subscription. He has been a regular reader of this paper half a score years and says he does not see how a person who is interested in Alachua county can get along without his county paper.

A. F. Scott of Hague was in town yesterday and made The Sun an agreeable and profitable call, renewing his subscription for another year. Mr. Scott has established a cotton ginnery at Hague and the outlook is encouraging, large quantities of cotton being grown in that neighborhood which heretofore has been hauled to other places to be ginned.

Mr. and Mrs. L. H. Bennett have returned to their home in this city, after having spent a most delightful time with relatives and friends in Darlington, Lancaster, Florence and other points in South Carolina. Mr. Bennett states that he was surprised at the large quantity of tobacco now being grown in that State, which seems to be a great industry.

Mr. and Mrs. W. W. Colson of East Gainesville are rejoicing over the addition to their home of a fine boy, which arrived yesterday morning. Friends extend congratulations.

From Thursday's Daily Sun:

F. M. Ramsey of Wacahoota was trading in the city yesterday.

William Lee of Melrose was transacting business in the city yesterday.

A. G. Lamb of Micanopy was among the business visitors to this city yesterday.

E. W. Millican, the naval stores operator of Waldo, was among the business visitors to this city yesterday.

John Wilson of LaCrosse was in the city on Wednesday and had his name added to The Sun's list of the twice-a-week edition.

J. J. Haymans of Lochloosa, one of the most extensive naval stores operators in the State, was in the city on business yesterday.

Mr. and Mrs. T. J. Swearingen and children have gone to Seabreeze, where they will enjoy the exhilarating ocean breezes for a few days.

Miss Alice Stokes of Flemington, who is visiting her sister, Mrs. A. T. Davies, went to Waldo yesterday to visit her aunt, Mrs. S. A. Ferguson.

J. F. Donaldson of Cyril, who is the veritable "editor's friend," called on The Sun yesterday, renewed his subscription, gave a word of good cheer and went on his way rejoicing. Call again.

Mr. and Mrs. Avant have arrived in the city from Manning, S. C., and will make this their future home, the former having accepted a position as train dispatcher with the Atlantic Coast Line. They will be gladly welcomed and it is hoped they will be pleased.

Mr. and Mrs. T. Lovelace of Tampa, who were married in this city a few days ago, have returned from a bridal trip to Atlanta and other points, and are guests of relatives of the latter here. They expect to return to the South Florida city in a day or two, and will continue to make that their home.

Some rare bargains are to be had at this office in second-hand typewriters: Remington No. 6, practically new; Remington No. 7; Barlock No. 10; Smith Premier No. 2; Caligraph No. 3, and Fay-Sholes No. 6. AT SEAGIRT.

Florida Rifle Team Make Good Records—Sergeant Morris Better.

Seagirt, N. J., Aug. 23.—The Florida rifle team continued to make good scores today, notwithstanding the heavy wind blowing. Major Dapray, Florida's military instructor, arrived in camp and is taking great interest in the team's work. Hon. West Bryant of Polk county, with his charming daughter, Miss Georgia, paid the rifle team a pleasant visit today, accompanied by Mrs. Olive Toole of Jacksonville. Sergeant Morris has recovered and will be on the firing line tomorrow. Today's high scores follow: Kitchen, 47; Blanding, 47; Edmunds, 44; Rich, 44; Jackson, 44; Yerkes, 44; Slater, 44; Lynn, 44, out of a possible 50. The big alligator died today. The Jersey boys sent the carcass to Princton to be dissected and stuffed.

Herlongs Have Gone.

After a residence in this State and section for perhaps the past twenty years, V. J. Herlong and family have removed to Saluda, N. C., where they will in future reside.

Mr. Herlong has been a great factor in the upbuilding of this section, having opened up a fine country in the construction of the Gainesville and Gulf Railroad, which he owned and operated for several years. After disposing of his railroad interests he engaged in the manufacture of lumber at Bellamy, where he made a good success.

Mr. Herlong, who is a thorough saw mill man, formerly decided to locate in Alabama, but for some reason abandoned this idea and will cast his lot with the good people of the Tar Heel State. His friends wish himself and family much success and good health wherever they may be located.

A New Restaurant.

The El Dorado Cafe is the style of a quick lunch establishment which has been opened at 106 West Main street S., with Theodore Hodgins as manager. The place is neat and up-to-date in every way and will no doubt prove a paying enterprise. It is the purpose of the management to make a specialty of lunches of all kinds and oysters and game will be kept and temptingly served in season.

Such a resort as the El Dorado has been in demand in Gainesville for several years. The rapid increase and improvement of the city demand it, and merchants and others may now have the privilege of appeasing their hunger after working hours, when they are tired and need a stimulating lunch.

Is It Right?

Is it right that a property-owner should lose $4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-for-use paint, at $1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at $1.20 per gallon; the property-owner loses just $4.20. Is it right?

It only requires 4 gallons of L. & M. and 3 gallons linseed oil to paint a moderate sized house.

Ten thousand churches painted with Longman & Martinez L. & M. paint.

Liberal quantity given to churches when bought from S. J. Thomas of Gainesville or J. C. Bishop of Alachua.

A Handsome Home.

The home of J. R. Fowler, which is being erected on the property recently purchased by Mr. Fowler, Alachua avenue, is assuming nice proportions, the frame work being up. With favorable conditions, the carpenters expect to finish their labors within the next four weeks.

This house, when completed, will be one of the neatest and most modern in the city. The owner is sparing no pains or expense, looking entirely with a view to comfort and convenience.

The Baird Hardware Company has an advertisement in this issue to which the attention of our readers is directed. This firm is advertising the celebrated Ellwood woven field fence and the close mesh American fence, which is designed especially for the farmers. Farmers needing fences will profit by investigating the advertisement and consulting the firm for prices.

NOTICE.

Notice is hereby given that after this notice has been published for four weeks, I shall apply to Hon. J. T. Wills, Judge of the Circuit Court Eighth Judicial Circuit of Florida, in and for Alachua county, Florida, for an order authorizing me to adopt Eva Ward, a minor.

R. B. WEEKS, Ch'n. Bd. Pub. Inst.
Attest: J. L. KELLEY, Sec. and Supt.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 14th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.

Registration Notice.—Notice is hereby given that the registration books of the City of Gainesville are now open at my office in the United States land office, where all persons qualified to register, including residents of the new territory added to the corporate limits of the city by the new charter enacted by the last Legislature, may register between the hours of 8 and 12 a. m. and 1 and 4 p. m. Books close on Saturday, September 9th, 1905. J. M. [illegible], City Clerk.
